ACKNOWLEDGEMENT

I take this opportunity to express my deep sense of gratitude to thanks my supervisor Prof. R D Gurjar for providing me the opportunity to work under his able guidance, for his constant support and inspiration throughout this research work. I am equally grateful to my co-supervisor Dr. (Mrs) Seema Jalan, Associate Professor, Department of Geography, Mcherlal Sukhadia University, Udaipur for her creative guidance, valuable suggestion, inspiring attitude, constant encouragement and keen interest in getting this work completed.

Sincere thanks are also due to my respected teachers and entire staff of the Department of Geography, University of Rajasthan, Jaipur. I also owe a debt of gratitude to Professor R. D. Doi, Head of the Department and Professor R N Mishra, former HOD, for the wise counsel and help extended by them from time to time.

Special thanks to Shri Gajendra Singh for extending all possible help and cooperation beyond his official obligations whenever needed.

Thanks are also due to the collective guidance, advice and generous cooperation provided to me by the esteemed faculty members of IIRS, especially Shri. B. D. Bharat, Department of Urban & Regional Studies and Dr. Yogesh Kant, Department of Marine & Atmospheric Sciences.

I am also grateful to all the officers and subordinate staff of Forest Department, Jaipur, Nagar Nigam Jaipur, Indian Meteorological Department, Delhi who provided necessary data for the present work. I would be failing in my duty if my
thanks to NASA, USGS, USA for providing the satellite data used in this study free of cost.

I find it difficult to express in words my gratitude to my parents and my in-laws for their invaluable and perennial support and blessings in this academic pursuit. I also lack words to express my indebtedness to my husband Shri Rakesh Kumar, it is for his utmost patience, support, love and encouragement that this task could be completed successfully.

I am thankful to all my friends for their support and motivation in achieving this academic goal. My special thanks to my IIRS Friends, Surya, Poonam, Swati, Kuldeep, Pradeep and Arnab Kundu for their motivating talks and valuable suggestions. I would also like to extend my sincere thanks to Rashmi, Savita, Lavita, Rajender, Rajesh, Sunny, Harpreet, Laveena Di, Vishal Bhaiya and Ambika for their incessant and unconditional support which immensely helped me overcome my lows during this academic endeavour.

Lastly, but not the least I express heartfelt gratitude to all friends and well wishers who directly and indirectly contributed in completion of this work.
