ACKNOWLEDGMENTS

I have great pleasure in writing this page in my research to express my happiness which I feel to acknowledge all those who helped me to complete this work successfully.

I wish to express my deep sense of gratitude and thanks to my supervisor Dr. Guru Prasad Chattopadhyay, Professor of Geography (Retd.) Visva Bharati University, Santiniketan for his kind supervision, unfailing cooperation, invaluable guidance, constant support and motivation during my research period which helped me a lot to complete the research work. He carefully read each and every line of this thesis and his valuable criticism helped me a good deal in putting my thoughts into the form in which are presented now.

I would like to thank my Ph.D doctoral committee members for providing valuable comments and constructive suggestions on this work. I acknowledge my thanks to the eminent professors of Geography Department, Visva-Bharati, Santiniketan for spreading their hands of kind cooperation and giving academic suggestions. I owe special thanks to swami Tattasarananda, Principal of Ramakrishna Mission Shiksana Mandira, BelurMath, Howrah who always inspired and encouraged me to complete the Ph.D degree. I wish to extend my sincere thanks to Prasun Ghosh, Assistant teacher of Geography of Thanamakhua Model High School, Howrah for his some valuable suggestions regarding the research work.

I must express my thanks to staffs of different department like conservancy, Urban Planning, Land use planning of Tarakeswar municipality, Staffs of Census Office of India, Kolkata, Staffs of statistical Departments of National Library for support by giving secondary data, maps and information. I am greatly thankful to a large number of people of the study area for their kind cooperation during field work.

From the depth of my heart I thank my parents, wife, all my colleagues and friends who have been with me throughout the work, who really had been the source of strength to me.
