Entrepreneurship plays an important role in industrialization and overall economic development of a country. It is evident that entrepreneurship has been influential in the industrial and economic progress of the development countries. In the framework of Indian economy, entrepreneurship has a essential role to play in accelerating the pace of industrialization, providing employment to a large number of workforces and the most, developing the opportunities creates by globalization. Entrepreneurship is considered as solution to socio-economic problems. Small enterprises not only provide self-employment but also help in correcting regional disparities and more equivalent allotment of wealth. Entrepreneurship development among disadvantaged groups viz. SC, ST, OBC, VJNT, NT and DNT is the need of the hour in the present situation of privatization. The disinvestment policy of the government would have poor effects on generation of employment opportunities in public sector. Obviously, the most affected people would be from SC, ST, OBC, VJNT, NT and DNT for whom there is reservation in government jobs. Marathwada & Vidarbha region is most industrially backward district from Maharashtra state.

First of all I am thankful to my research guide Professor M. A. Lokhande under whose guidance this study was conducted. It was on account of his encouragement and suggestions that this work has come up in the present form.
I am also thankful to all Faculty Members and Head of Commerce department, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad for their guidance as and when needed for the completion of this study.

I am deeply indebted to my father Sakharam Kale and Mother Smt. Sukashalabai Kale, Limbaji, Vilas, Kailas (Brother) for their good blessing and continue encouragement to my education and without whose blessing I could never have stood in my life.

I am very thankful to all my best friends who help me in completing the present study and to those friends whose good wishes were with me.

I am thankful to non teaching staff members of Department of Commerce, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

Lastly, I am thankful to all of them who have directly and indirectly helped me in completing the present study.
