ACKNOWLEDGMENT

Even a dictionary seems to be inadequate and imperfect in expressing my heartfelt gratitude and unfathomable indebtedness to my revered teacher Dr. Ramesh Kumar, M.D., D.C.H., Professor and Head, Department of Paediatrics, M.L.B. Medical College, Jhansi, who has been a constant source of inspiration to me. It is to him, I owe a lot in terms of knowledge, experience and techniques of clinical practice. It was his infinite patience and care, determination and love, that taught me to think, read and act. With my meagre vocabulary I just can say that it was my profound privilege and pleasure to get the opportunity to work under his guidance and to express my utmost thanks and unmeasurable indebtedness to my teacher.

I deem it as an honour to express my regards to my Co-guide Dr. (Km.) Rama Mitra, M.S., D.G.O., Professor and Head, Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi, who gave the kind permission to work in her department for this research.

I pay my deepest regard to Dr. (Mrs) Sheela Longia, M.D., Associate Professor, Department of Paediatrics, M.L.B. Medical College, Jhansi, whose ever patronizing behaviour,
humility, loving nature, thorough knowledge, constructive criticism at every juncture helped me harvest the fruit of present endeavour.

I am highly greatful and thankful to Dr. Anil Kaushik, M.D. and Dr. R.S. Sethi, M.D., D.C.H., Assistant Professor, Department of Paediatrics, M.L.B. Medical College, Jhansi, for their constant stimulation and encouragement which helped me in moulding this work.

I have had commendable help from my colleagues Dr. P.P. Gupta and Dr. Ashok Kumar. The Residents of department of Obstetrics and Gynaecology need a special vote of thanks for extending their whole hearted cooperation in this research.

I bow in respect to my parents, who took pains to get me to the present state and who were a constant source of inspiration during the period of study.

Mr. Vishan Lal, Librarian, Central Library, M.L.B. Medical College, Jhansi needs special mention for extending his full co-operation during this research.

I am also thankful to Mr. Kanhaiya Lal, who has brought out my manuscript into a neat type script.
Above all, I can never afford to thank for the kind blessings and help of God, The Beneficient, The Merciful, who made me capable of fulfilling the present job.

In the last but not least, I owe a lot to these patients who have been the case material for the present study.
