ACKNOWLEDGEMENTS

I am extremely happy to place on record my deep sense of indebtedness to the following persons who have helped me in no small measure in the completion of this thesis: **Dr. ISHARI K. GANESH**, the Chancellor and President of VELS University, **Dr. JOTHI MURUGAN**, Vice-Chancellor (Planning & Development), VELS University for granting me permission to do research. **Dr. V.TAMIL ARASAN**, the Vice-Chancellor of VELS University for providing me the necessary facilities. **Dr. B.KRISHNAMURTHY**, the Registrar of VELS University for his valuable guidance. **Dr.P.SATHYAMOORTHI**, the Controller of Examinations for his valuable support while doing my research. **Dr. P.MAYILVAHANAN**, Dean (School of Computing Sciences) of VELS University for his immense support and encouragement for my research.

Words cannot help me to express my deep sense of gratitude to my research supervisor, **Dr. K.NIRMALA**, M.C.A.,Ph.D.(Computer Science), Associate Professor, Department of Computer Science, Quaid-e-Millath Government College for Women, Chennai-600 002 for her enormous support, supervision, motivation and guidance throughout this research. Her insightful guidance and inspiration are the key factors that enabled me to complete this research successfully. I owe her a deep debt of gratitude for instilling in me a sense of confidence and constantly encouraging me to do this project. But for her constant support this project would not have seen the light of the day. I am much beholden to her. My whole hearted thanks to **Dr.E.Gopinathan Erabally, Dr.T.Gnana Samban than and Dr.R.Radha** for serving on my Doctoral Committee and giving various suggestions & critical review for improving my research.
A Project such as this could not have been completed without the constant encouragement and support from the Heads of my Institution **Mr. A. Manivannan**, Chairman and Managing Trustee, Sri Lakshmi College of Arts & Science, Bangaram, Kallakurichi-606 401 and also express my sincere thanks to our management **Mr. M. Murugappan**, Secretary, **Mr. S. Selvaraj** Treasurer, **Mr. C. Saravanan** and **Ms. M. Santhi** Directors and **Mr. P. Sivakumar** Co-Ordinator, Sri Lakshmi College of Arts & Science, Bangaram, Kallakurichi-606 401. I would like to extend my sincere thanks to **Mr. Narayanasawy**, Principal, Sri Lakshmi College of Arts & Science, Bangaram, Kallakurichi-606 401.

I would like to thank **Dr. C. Sudha** for providing the breast cancer data and motivation. Also the moral support and encouragement given by **Dr. S. Niranjanan**, Associate Professor, Post Graduate Department of Computer Science, Mohamed Sathak College of Arts and Science, Sholinganallur, Chennai – 600 119 for his support, encouragement, guidance, constrictive, criticism, motivation and inspiration during the preparation of this thesis.

An acknowledgement like this will be incomplete if I do not make a mention of the moral and physical support of my parents, sisters, husband and my in-laws. My husband, **Mr. R. Sakthivel**, had never hesitated to lend me his helping hand whenever I needed help and without his perfect understanding, I could not have had the zeal and zest to complete the work. I also wish to thank **Mrs. S. Santhi Niranjanan** for her valuable support and help during the preparation for this thesis.

I also wish to thank my friends **Mr. A. Sirajdeen, Mr. S. Srinivasan, Mrs. L. Kalaimani,**
Mr.Srinivasan, Mr.Baskaran, Mrs.Latha, Ms.Priya, Mr.Murugan Subbiah who have given me constant moral support, suggestions and timely help. Also, this project would not have been completed but for the blessings of my brother-in-law and Spiritual Guide Mr.S.Elliyapilli Sudha.I also wish to thank my younger sisters Mr.Rex Immanuvel, Ms.C.Ambika, Ms C.Gayathri and Mr.Arivazhagan Gayathri for their support and guidance for the thesis. My sincere thanks also go to my children Royce, Varun and Tharunika. Most importantly, I thank Almighty God for giving me the strength of mind and body and I dedicate this project to HIM.

I really appreciate all the discussions and general support from all of my family members. I dedicate this thesis to my parents, god and all of my family members, whose sacrifice, support, love; caring inspired me have been overcome all the difficulties throughout my academic life. This thesis would not have been success full completed but for their patience, love, and dedication. I also dedicate this thesis to those people, whose life has been affected directly or indirectly by Breast Cancer; I fervently hope that by the advancement of science early detection of breast cancer can give women a better chance of full healing and survival.
