ACKNOWLEDGEMENTS

I thought the time to write this section would never reach. But the time has come to write this section, so it is my heartfelt duty to acknowledge all the people who helped me make this thesis possible. First of all, my deep sense of gratitude to My Guru Ji, Sh. Deva Maa Ji for her choicest blessings, kindness and strength to accomplish this great task of thesis work.

I wish to record my sincere appreciation and gratitude to my supervisor Dr. Anil Misra, Associate Professor, Department of Civil and Environmental Engineering, The NorthCap University, Gurgaon, for providing me an opportunity to work under his guidance. I am grateful to him for his valuable guidance, constructive criticism and wholehearted support and encouragement to me throughout the period of study.

I express my sincere thanks to my Dr. Amit Srivastava, Associate Professor, Department of Civil and Environmental Engineering, The NorthCap University, Gurgaon for providing me time to time guidance and support as my co-supervisor.

I am also thankful to Dr Arun Kansal, TERI, N-Delhi, Professor Ram Karan Singh, KKU, KSA, Dr. V.S. Gayathri, KCOT, Coimbatore and Professor Pramila Goyal, NCU, Gurgaon for providing me time to time guidance and support during my all course of study.

I would like to extend my heartfelt gratitude to Dr. P.S. Pawar, Scientist, The Energy Research Institute, New Delhi, for guiding me for field work of study and providing me valuable suggestions for my research.

I am highly obliged to Dr. Kishan Singh Rawat, Scientist-C, Centre for Remote Sensing and Geo-Informatics, Sathyabama University, Chennai for guiding me in my research and in field of Remote Sensing and GIS, throughout my course of study.

I am highly grateful to Dr. Ravinder Kaur, Project Director, and Dr. A.S. Sarangi, Principle Scientist, WTC, IARI, New Delhi for providing wheat crop Lysimeter experimental data for major validation of my study.

I would like to thank Ms Samita from Rolta Geometica Company for providing hands on training on Geometica software.

I am highly grateful to the farmers of Hisar and Bhiwani districts to allow me to visit their fields for acquiring ground truthing coordinates and showing humble behaviour.
I would like to thank Dr. H Pathak, Professor, IARI, New Delhi and Dr. Arti Bhatia, Principle Scientist, IARI, New Delhi for providing all necessary data and lab facility whenever needed in research work.

I am thankful to my B.Tech. friends Dr. Saman Preet Kaur, PAU, Ludhiana, Er. Nidhi Sofat, Ludhiana and Dr. Mukesh Kumar, IGNOU for helping and guiding me in every phase of my study.

I am thankful to my friends and colleagues Ms Rashmi, Ms Vaishalli Sahu, Dr Pooja Sapra, Ms. Richa Bhardwaj, Mr Ankit Sethi, Ms Monica Bhatt, Ms Stuti, Ms Meenakshi Dahiya, Ms Sonal, Ms Prachi Sohoni, Dr. Neetu Singh, Dr. Shreshtha and Ms. Gauri Aglave who continuously supported emotionally during all my course of study. I also extend thanks to my students for their best wishes and prayers to complete this work.

Love, encouragement and enthusiasm are the roots of intellectual foundation. At this point I owe my deepest gratitude for my loving husband Er. Mukesh Kathuria who endured this process with love, unselfishness and never-ending encouragement. I bow my head to my father-in-law Sh. Harbans Lal Kathuria and mother in law Smt. Santosh Kumari who always provided me their endless blessings during my all course of study. I also cherish innocent love and support of my daughter Ishika Kathuria. My affectionate thanks to my in-laws family and parents’ family and especially to my late father Sh. Rattan Lal Popli who showered his blessings from heaven. I consider myself the luckiest in the world to have such a supportive in-laws family, standing behind me with their love and support.

Omission, if any in this brief acknowledgement does not imply ingratitude.
