Though no words of thanks are sufficient to acknowledge the contribution of all those who helped me in this project, today it’s my proud privilege to say a few words in praise of them as a mark of my gratitude.

It is a great pleasure to acknowledge my deep sense of gratitude to my supervisor, Prof. Devendra Singh Rathore, Department of Pharmaceutical Sciences, Suresh Gyan Vihar University, Jaipur, R. T. for his wise guidance, invaluable advice, positive criticism, suggestions, constant encouragement and support throughout the course of this investigation. Being himself a paragon of virtue, serenity and patience, he has inspired me in many ways.

I take the opportunity to thank Prof. S. C. Dwivedi, Dean Research, Suresh Gyan Vihar University, Jaipur, R. T. for providing infrastructural facilities for carrying the project & giving advices throughout the course.

I am grateful to Khandelwal Laboratories, Mumbai for providing generously the free gift sample of Cisplatin.

I am also grateful to Purac Biotech, Holland for providing me a valuable gift sample of PLGA, I regards my thanks to Huntsman Pvt. Ltd, USA for providing me essential thing Bis amine PEG,

As is said time and again some people are very special and so they do need special mention. My guide-cum-Brother Dr. VIVEK MAHALWAR has been a source of total and blind support to me. He has been alongside whenever I need him.

I find it difficult to pen down my deepest sense of indebtedness towards my Mummy (Mrs. Chitralekha Mahalwar) – Papa (Dr. G. S. Mahalwar) whose sacrifice and constant undemanding love, has been the guiding principles of my life. The care, affection and above all blessings have always been an extra boon to me. It was there hope; dream and confidence that made me reach the shore.

My brother Dr. Vivek Mahalwar who is ideal of my life had always boosted up my spirit especially at the times when there was no one by my side.

Words can never be assembled and thoughts can never produced on paper to acknowledge my regards to my wife (Abha Mahalwar) who has showed immense patience throughout my work and flourished me with her valuable love and affection.
How can I forget the caring nature of my sister Dr. Bhavna Mahalwar wiping out all my tensions and boosting me with love and courage.

Finally, for all the success and failure I am thankful to the Almighty. It is HE who makes me alert, active, aware and alive each moment, I bow my head in front of Him always.

Anand Mahalwar
