ACKNOWLEDGEMENTS

It is with utmost respect, extreme happiness and overwhelming contentment that I express my deep sense of gratitude towards my supervising teacher and guide, Dr. M. V. John, Research Guide, Department of Zoology, Mar Ivanios College (MIC), Thiruvananthapuram for his inspiring guidance, invaluable academic and moral support and kind personal interest rendered during the course of my Ph. D. programme. I am deeply indebted to him for introducing me into the fascinating world of Parasitology and guiding me through the journey with clear vision, extreme patience, great enthusiasm and stimulating discussions.

I am sincerely thankful to the University of Kerala for the financial support as research fellowship for the first year of my research programme.

I acknowledge the Council of Scientific and Industrial Research (CSIR), Government of India for the financial support provided for carrying out this research programme, first in the form of Junior Research Fellowship (JRF) and then in the form of Senior Research Fellowship (SRF).

I wish to express my deep sense of gratitude to the authorities of MIC and Malankara management for providing space and facilities to carry out my research work. My heartfelt thanks are also due to Dr. P. V. George, Secretary, Malankara Syrian Catholic Colleges for his constant encouragement throughout the period. I am sincerely thankful to Rev. Fr. Daniel Kuzhihthadathil, the Principal, MIC and Prof. T. V. George, Head of the Department of Zoology, MIC for their blessings and support.

I also express my utmost appreciation and gratitude to Dr. D. I. Gibson and Dr. R. A. Bray, (The Natural History Museum, London) and Koie, M. (Uty. of Copenhagen, Denmark) for their consultative services, valuable references and reprints.

I am grateful to Dr. Annie John and Mr. R. Sreekumar, Sree Chitra Tirunal Institute for Medical Sciences and Technology, Dr. Prapha Balram (RCC), Dr. Ommen V. Ommen and Dr. Mathew Ommen, Department of Zoology, University of Kerala, Karyavattom for being generous with the facilities of their laboratories, which have enabled me to complete this work.

Special thanks are due to Vinod, Biju & R. S. Babu for their timely help in drawing and to Smt. Mariamma, Palayam Fish Market for supplying specimen. I remember with happiness the goodwill and encouragement of my friends Bindhu (RCC), Smriti Krishna (RCC), Anila Eappen Joseph, Ancy Thomas Shibu, Anil Joseph (Infocache), Jisha Babu and Jeeja Babu.

A word of special thanks to Dr. A. K. Cicilikutty (Reader) and Dr. Vijayakumaran Nair (Reader) of MIC and Dr. S. Sreekumar (Reader) Department of Zoology, University College, for their constant encouragement, moral support, goodwill and invaluable helps rendered during the entire course of my research programme. I remember with happiness Dr. Leenamma Joseph, fellow researcher for her great camaraderie, goodwill, suggestions and encouragement. I am grateful beyond words to my well-wishers without whose efforts and blessings I would never have traveled this far.

The encouragement, support and prayers of my affectionate parents, brother and sister and my loving husband Suwil Kumar W. S., Systems Manager, EMC, Govt. of Kerala have been a real strength to face all the challenges. I kneel in thanks before God Almighty for His enormous blessings showered on me to prepare this document.
