Table-1 | Characteristics of different sampling zones of the Kapla Beel | 21
Table-2 | Insects species of Kapla Beel | 32
Table-3 | Seasonal variation of Insects in Kapla Beel. | 47
Table-4 | Dominance status of different species of Insects in kapla beel for the period 2010-2011 | 54
Table-5 | Dominance status of different species of Insects in kapla beel for the period 2011-2012 | 55
Table-6 | Diversity Indices of Insects in different season of 2010-2011. | 57
Table-7 | Diversity Indices of Insects in different season of 2011-2012 | 58
Table-8 | Physico chemical characteristics of water of Kapla Beel. | 71
Table-9 | Correlation coefficient Matrix(Pearson) of Physico chemical Character of water and insects abundance during the period of 2010-2011 | 76
Table-10 | Correlation coefficient Matrix(Pearson) of Physico chemical Character of water and insects abundance during the period of 2011-2012 | 76
Table-11 | Macrophytes species of Kapla beel | 81
Table-12 | Showing no. of insects associated with different species of macrophytes. | 82
Table-13 | Coleopteran species associated with different species of macrophytes | 83
Table-14 | Dipteran species associated with different species of macrophytes | 84
Table-15 | Hemipteran species associated with different species of macrophytes | 84
Table-16 | Odonate species associated with different species of macrophytes | 85
Table-17  Ephemeropteran species associated with different Species of macrophytes 85
Table-18 Utilization of macrophyte species by insects for their different activities 85
