ACKNOWLEDGMENT

I thank God Almighty for his abundant blessings and showering his blessings on me to complete this study.

My hearty gratitude goes to the Management and all University officials for extending their help towards the completion of this study.

I sincerely thank my guide Prof. Dr. A. Ravi, Medical Director, Sri Ramachandra Medical Center, Porur, Chennai for his valuable suggestion, constructive criticism and constant support throughout the study.

I am extremely thankful to my co-guide Prof. Dr. Rajeswari Vaidyanathan, Former Principal of Sri Ramachandra College of Nursing, for her continuous encouragement, support and valuable advice which helped me to successfully complete the study.

My heartfelt thanks to my Research Advisor Prof. Dr. B. Srinivasan, HOD Psychiatry, Chettinad Hospital & Research Institute, Chennai for his motivation and positive approach to complete the study.

My sincere thanks to Prof. Dr. S.P. Thyagarajan, Pro-Chancellor (Research) for his kind help and concern which enabled me to reach my destiny, the completion of the study.

I am indebted to Dr. B.W.C. Sathiyaasekaran, Professor, Department of Community Medicine, Sri Ramachandra University, Chennai for correcting and guiding me in the right path during the study period.

My heartfelt thanks to Dr. V. Shantha, Chairperson, Cancer Institute Adyar, Chennai for permitting me to do data collection in the esteemed institution.
My sincere thanks to coordinator Prof. Dr. Sridevi, Surgical Oncologist, for her encouragement, guidance, and timely advice which helped me to complete this study successfully.

My respects to Dr. Sagar, Director and Prof. Dr. Rajkumar, Cancer Institute Adyar, Chennai for extending their help to complete my data collection during the study period.

My sincere gratitude to Prof. P.V. Ramachandran, Chairman Nursing Education, Sri Ramachandra College of Nursing, Sri Ramachandra University, for his perfect correction and moulding me to finish this study.

I express my gratitude to Prof. Dr. Amalraj Antony, Ph.D., Biostatistician, Epidemiology Unit, for his excellent guidance towards analysis and interpretation of the study data through statistical representation.

I owe my sincere thanks to Dr. Ardith Doorenbos, Assistant Professor, University of Washington, Seattle, USA, for her excellent remarks and content validation of this study.

My sincere heartfelt thanks to Dr. Reddamma, Dean, Behavioral Science NIMHANS and Prof. Dr. Ramachandra, Principal, College of Nursing NIMHANS, Bangalore, for their content validity toward this study.

It is my previlege to thank Thiru. Govindan, Coordinator in Vethathiri's Science of Living, Alwarthiru Nagar, Chennai, for his constant support and kind advice to learn meditation and integrate it in day-to-day practice life of the investigator and the subjects of the study to lead a peaceful life.
My sincere thanks to Mr. T.S. Thyagarajan, Deputy Register (Examination), Sri Ramachandra University for his kind support and guidance to complete the study.

I thank my fellow colleagues Dr. A. Porkodi, Dr. L. Eileen Victoria, Dr. S. J. Nalini, Dr. N. Gayathripriya, Dr. B. Sreelekha, Mrs. S. Aruna Readers, Prof. Dr. G. Neelakshi, Mrs. S. Rajeswari, Reader, R. Revathi Asst. Prof, G.J. Sara Sapharina, Lecturer and all the faculty members, Sri Ramachandra College of Nursing for their help, corrections and encouragement to complete this study.

I am extremely thankful to Mrs. Meryn Selvanayagam, Tutor and Mrs. Cynthia Milton, Lecturer, Sri Ramachandra University for editing the manuscript of the study.

I honestly thank Mrs. Shanthi, Ms. Umamaheshwari, Ms. Geetha, and Ms. Divya, Staff Nurses, for their kind cooperation and help rendered by collecting data during the study period.

I am indebted to Dr. V. Subramanian, Mrs. S. Rudrani, my parents and Mr. S. Vinayagamoorthi, my brother for their constant motivation and moral support to complete this study.

My earnest thanks to Mr. S. Ramesh, my husband and my loving children, Mr. S. R. Sukkesh and Ms. S. R. Reshmasree for extending their kind cooperation, adjustment, and support for me inorder to complete this study.
I sincerely thank Mr. S. P. Subramaniam, my father-in-law and (Late) Mrs. S. Saroja, my mother-in-law for their blessings and moral support to complete this study.

I am obliged to thank all my study participants from Sri Ramachandra Medical College and Cancer Institute Adyar, Chennai, who extended their moral support to complete this study in a successful manner.

Mrs. S. Santhi
