Research is a formalized curiosity and in my journey of getting this curiosity unveiled I am thankful to many people who had helped, guided and supported me. At the foremost, I am grateful to God for showering HIS blessings in the form of knowledge, good health and wellbeing that were necessary to complete this work.

I would like to express my sincere gratitude to my guide Dr. Ganaraja B, Additional Professor, Department of Physiology, KMC, Mangalore for the continuous support of my PhD study and research, for his patience, motivation, enthusiasm, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my PhD study.

I would like to thank the other doctoral committee members, Dr. M. Venkatraya Prabhu, Dean, KMC, Mangalore, Dr. P S Jeganathan, Professor, Department of Physiology, A. J. Institute of Medical Sciences & Research Centre and Dr. Sheila R. Pai, Professor, Department of Physiology, KMC, Mangalore, for their encouragement and insightful comments.

I am also thankful to the research coordinators Dr. Chakrapani M, Associate Dean & Professor, Department of Medicine, KMC Mangalore and Dr. Gopalakrishna Bhat, Additional Professor, Department of Microbiology, KMC Mangalore for their suggestions and support throughout this PhD work.

I gratefully acknowledge the Manipal University specially to mention Dr. Shyamala Hande, Deputy Registrar Academics (Health Science) for providing me all the help needed during this research work.

I express my sincere gratitude to Dr. Bhagyalakshmi K, HOD Physiology, KMC, Mangalore and the faculty members of Department of Physiology for their support and encouragement throughout the research work. I am also thankful to all technical and non-technical staff members of Department of Physiology for their co-operation and much needed help during the research work.

I record my sincere gratitude to Dr. Vasudha V. Saralaya, HOD, Anatomy, KMC Mangalore, Dr. Poornima Ajay Manjrekar, HOD, Biochemistry, KMC Mangalore, Dr. Mukta N Chowta, HOD, Pharmacology, KMC Mangalore and Dr. Ashok Shenoy K Professor, Department of Pharmacology, KMC Mangalore for allowing me to work in their departmental laboratory. My sincere and heartfelt thanks to all the technical staff
members of Department of Anatomy, Biochemistry and Pharmacology, KMC, Mangalore for providing much needed help and assistance with laboratory work.
I also want to give a special thanks to Mrs. Shobha, animal house supervisor for readily providing me with animals required for my work.
I immensely thank my seniors Dr. Sudhanshu Sekhar Sahu, Dr. Rashmi K S, Mr. Santosh Mayannavar for their help and guidance in completion of this study. I am also thankful to all the research scholars in KMC Mangalore for their help and friendly attitude during my work.
I owe a debt of gratitude to my friend Ms. Mitha KV and her family for always being there for me through my thick and thin days. Without your support and help this would not have been possible. I remain indebted to you all my life. Thank you very much Mithu!
I would be ungrateful if I do not acknowledge the help and support I got from my friends Dr. Souparnika, Dr. Mukund PS, Dr. Mamatha T Shenoy, Dr. Pratik Kumar Chatterjee, Ms. Maninder Kour, Mr. Durga Rao, Mrs. Vandana, Mrs. Teressa Joy, Mr. Roopesh Poojary and Ms. Shilpa Bejoor.
I shall remain grateful to my teachers Dr. A. Krishna Rao and Dr. P.L.N. Rao, Dept. of Physiology, KMC, Manipal, Dr. P. P Singh, Professor, Dept. of Biochemistry, Era Medical College, Lucknow and his wife Mrs. Rekha Singh, and my school teachers Sister. Connelly and Mrs. Choudhury for their constant encouragement and teachings.
I render my gratitude to Mr. Saikat Pal, Manager at Engineers India Ltd and Mrs. Padmavathi, retired Headmistress B.M. High School Ullala, for proofreading my thesis write-up.
I extend my sincere thanks to Janatha fish meal & oil products, Udupi, Karnataka for providing me with fish oil for my study.
This research work would not have been completed without the blessings of my parents. I am eternally grateful to my father Mr. N. R. Yadav and my mother Mrs. Parbati Yadav for their unconditioned love, sacrifices, endurance and encouragement.
I also enjoyed the great affection, support and constant prayer from my in-laws Mr. B.N Jaiswal and Mrs. C.K Jaiswal and my cousins Ms. Urmila Yadav and Ms Jyoti Yadav. My friends had been the pillars to my success, thank you all specially to Mrs. T. Nagamma and Mr. Anjaneyulu for their constant support and help.
I am grateful to GOD for blessing me with two little princess Nimisha and Aneesha who had been the greatest source of inspiration and the drive behind this research work. Thank you, darlings, for your unconditional love and affection.

To all that I am today and to all my dreams, one man had been always standing beside me providing me the unconditional support and love and that's my best friend who happens to be my husband Mr. Neeraj Jaiswal. Thank you for giving me the promise of being my friend forever.

At the last this acknowledgement and the thesis would not have been possible without the selfless sacrifice of the animals used in the experiment. I owe them a deep sense of gratitude.

There are so many others whom I might have left to name but would sincerely thank all of them for their help at every stage of my work.
