ACKNOWLEDGEMENTS

The completion of this research work would not have been possible without the encouragement, help and support of many individuals. It is my privilege to thank the people who have supported and guided me throughout this research work.

I am grateful to Dr. Francis C. Peter, Vice Chancellor, St. Peter’s University, Chennai, for giving me an opportunity to carry out my research in the university.

I also thank Dr. S. Gunasekaran, Dean, R&D, St. Peter’s University for his constant help and support.

I am highly indebted to my supervisor Dr. G. Gunasekaran, Professor and Principal, Meenakshi College of Engineering, Chennai for giving me an opportunity to work under his guidance. I would like to express my sincere gratitude to him for his valuable guidance, insightful suggestions and constructive inputs.

I am grateful to Dr. C. Jayakumar, Professor, Department of Computer Science and Engineering, Sri Venkateswara College of Engineering, Chennai and Dr. K. Selvamani, Professor, Department of Computer Science and Engineering, College of Engineering, Chennai for guiding me as Doctoral Committee Members for my research.

I also thank Dr. S. Pushpa, Professor and Head, CSE and the staff members of the Department of Computer Science and Engineering and Information Technology, St. Peter’s University for their help during this research.

Finally, I would like to thank all those who were directly or indirectly helpful in carrying out this research.
