ACKNOWLEDGEMENT

The author expresses her sincere gratitude to the Almighty for all the blessings received in bringing this research work into fruitful completion.

The author is ever thankful and very grateful to her research supervisor Dr. V. RHYMEND UTHARIARAJ, PROFESSOR, Department of Information Technology, MIT, Anna University, Chennai, for his keen, inspiring technical guidance, constant encouragement, and patience throughout the course of the work. The author also expresses her sincere thanks to Dr. S. Jayaprakash, Emeritus Professor, for his valuable suggestions in carrying out this research work.

The author is extremely indebted to Dr. S. ThamaraiSelvi, Professor, Department of Computer Technology, Madras Institute of Technology, Chennai and Dr. S. Kanmani, Professor, Department of Information Technology, Pondicherry Engineering College, Puducherry, for the technical advice they provided as doctoral committee members. The author expresses her thanks to Dr. R. Jayavel, Director (Academic Research) for the help and encouragement.

The author is very thankful to Honorable Chairman Shri. M. V. Muthuramalingam, CEO Shri. M. V. M. Velmurugan and Principal Dr. N. Duraipandian, faculty of Velammal Engineering College, Chennai, faculty and research scholars of Ramanujan Computing Centre for their continuous support and providing a motivating environment for this research.

The author expresses her special and sincere gratitude to her family members, profoundly to her son for their prayerful support, love, understanding, and constant encouragement all through the years of this research. The author also expresses her gratitude to her relatives and friends for their moral support and help at all difficult times of this research.
