ACKNOWLEDGEMENT

It is with pleasure, I express my deep sense of gratitude to Professor P.Govindarajulu, M.Sc., Ph.D., F.I.C.S., F.R.E.S. (London), F.A.S.I., Head, Department of Endocrinology, Dr. ALM. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Madras 600 113, for suggesting the problem, providing able guidance and constant help with responsive encouragement. He has been a source of inspiration and confidence because of his total commitment to the work. I would always count upon his unfailing help, constructive criticism, affection and instant provision for all requirements without which it would not have been possible for me to complete this work.

I am grateful to Dr. M. Michael Aruldhas, M.Sc., M.Phil., Ph.D., Lecturer, Department of Endocrinology, for his deep interest, constructive criticism suggestions, encouragement and unfailing help in the programme of research and preparation of this work.

My profound thanks are to Dr. S. Kameswaran, M.S., Ph.D., F.R.C.S., F.A.M.S., D.L.O., F.A.C.S., Hony., Director, Dr. ALM Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Madras 600 113 for permitting me to carry out this work at this institute.
My deep sense of gratitude and respect to my grandmother, parents and other members of my family for their understanding, help and encouragement in all the best possible ways, without which I would not have come upto this level.

I express my sincere thanks to Dr. N. Srinivasan, M.Sc., M.Phil., Ph.D., Dr.K.Balasubramanian, M.Sc., M.Phil., Ph.D., Lecturers and Dr. J. Arunakaran, M.Sc., M.Phil., Ph.D., Technical Assistant, Department of Endocrinology, for their help and encouragement during the period of this investigation.

It is with pleasure and previlege, I profoundly thank all my colleagues and friends for their cooperation and constant help during the period of investigation.

My thanks are to Mr. M. Sethuraman for his help in research laboratory and Mr. S. Dawood for his help in the animal house.

I acknowledge with gratitude, the gift of rat prolactin RIA kit by National Institute of Arthritis, Diabetes, Digestive and Kidney Disease (NIADDK), Baltimore, Maryland. USA.
