ACKNOWLEDGEMENT

My gratitude and thanks are due to

- My guide Dr.A. Ramesh M.Sc., Ph.D., Lecturer, Department of Genetics, for suggesting the problem, for his constant and valuable guidance throughout the course of this work.

- Dr.P.M. Gopinath, Head, Department of Genetics, for offering facilities and for his encouragement.

- Dr.C.R. Srikumari, for her efforts in guiding me throughout the course of investigation. She has lavished time, encouragement and guidance at all stages of the problem.

- Dr.G. Jayaraman, Lecturer, Department of Genetics, for his constant encouragement and constructive criticism.

- All the staff members of the Department for their encouragement.

- All the non-teaching staff for their help.

- All my classmates, especially Mr. K. Thangaraj, Miss.F.Nasreen Fathima and Miss.Mohana Ramamoorthy, for their good will and encouragement throughout the course of my work.

- All the research scholars of the Department of Genetics.
