CONTENTS

1. INTRODUCTION 1

2. REVIEW OF LITERATURE
   2.1 Ethnomorphic note on Reddy and Kamma Castes 7
   2.2 Studies on Reddy and Kamma Castes 11
   2.3 Genetic markers - A brief review 11
   2.4 Gene diversity 16
   2.5 Genetic distance 18

3. MATERIALS AND METHODS
   3.1 Distribution of sample 21
   3.2 Selection of the Sample 21
   3.3 Area of Collection 22
   3.4 Chemicals and reagents 22
   3.5 Blood collection and treatment 22
   3.6 Blood grouping 23
   3.7 Separation of plasma proteins 24
   3.8 Estimation of gene frequencies 27
   3.9 Chi-square test for goodness of fit 31
   3.10 Heterogeneity Chi-square 32
   3.11 Analysis of gene diversity 33
   3.12 Measurement of genetic distance 35

4. RESULTS AND DISCUSSIONS
   4.1 Distribution of gene frequencies 38
   4.2 Gene diversity 50
   4.3 Genetic distance 55

5. SUMMARY AND CONCLUSIONS 59

6. REFERENCES
