Acknowledgement

It is my privilege to give regards for every good thing happened throughout my research work.

When I joined Microbiology Division at Central Drug Research Institute, Lucknow, Tuberculosis as subject was alien to me. I owe my present knowledge for the subject to the blessings of God. I shall ever remain indebted.

I take opportunity to express my sincere gratitude to my supervisor Prof. B.S. Srivastava, emeritus scientist, Division of Microbiology, Central Drug Research Institute, for his prudent, encouragement, moral support and for his expert guidance that he rendered throughout this study. He has also take me away from my stress condition by his proper love and care that will never be forgetable.

It gives me pleasure to express my deep gratitude to Dr. (Mrs.) R. Srivastava, Head & scientist F, Division of microbiology, Central Drug Research Institute, for her deep concern, instant suggestions, constructive criticism. I am really grateful to her for providing me all essential requirements for the work.

I deem it my duty to express my sincere thanks to Dr. C.M. Gupta, director, Central Drug Research Institute, for rendering excellent laboratory and library facilities.

It has been a great privilege to enjoy the fruitful discussions with Dr. V. B. Sinha Dr. D. C. Kaushal, Dr. (Mrs) N. A. Kaushal Dr. A. K. Srivastava, Dr. V. Chaturvedi, Dr. K, K, Srivastava, Dr. B. N. Singh, Dr. Amogh and Manju mam.

During my tenure in CDRJ, I earned great mutual trust and tremendous support from many people. D.KTripathi, A.P.Singh, P.D.Mishra, Savitriji, Kamal Mam, Pantji, Hiran, Raju, Shyamsunder, Rajenji, Anupam never hesitated to help me.

I sincerely express my thanks to my colleagues, Morris, Prachiji, Arunimaji, Rajender, Santon, Arun, Parvez, Mou Alka, Rahul, Vikas, Antima, Amita, Darpan, Anamika, Ria, Ravi, Vinayak, Satinder, Shivendra, Neeta, Anirudh, Rajesh, for their cooperation and help
rendered at various stages of the investigation. More over the friendly lab atmosphere created by them was a great mental support to carry out even the toughest part of research at ease.

It is my opportunity to express my thanks to all trainees came from different places during my tenure. Harvinder, Aparna, Jashir, Juthika, Srisha, Aparna tripathi, Bhavna, Varun, Shika, Ram Kishore, Dr. Santosh, Prakhar, they all helped me by their kind assistance and friendly behavior.

I am glad to render here my thanks to the all inmates of Moti Mahal Hostel, especially to Mr. Ramesh Nayak, Sandeep Chudheri, Kukwant, Shrawan, Ramesh Kumar, Satyanand, Satya, Ravi Bhatt, Satish, Amit Gupta, Santosh, Pankaj Malaya.

While away from home, I literally felt friendly in the company of Sandeep Sharma and Varsha.

Financial assistance of council of Scientific and Industrial Research, New Delhi, is gratefully acknowledged.

My “Ma” & “papa” and my sisters (Didi, Doly and Juli) played a pivotal role in my life and who have always stood by me through thick and thin. I really missed my family during long gap of my research periods. I love them very much. They have sacrificed lots to push me up and keep me away from all the family problems during my educational periods. I really felt glad to dedicate this thesis to my family.
