ACKNOWLEDGEMENT

The Topic Indo-South African Relations with Special reference to Government Policy on HIV/AIDS emerged as an importance aspect of policy to prevent the HIV prevalence among any society in India and South Africa. The importance of partnership between the both nation India and South Africa to share the Technology, equipment, policy, strategy to fight against HIV/AIDS. In India and South Africa HIV/AIDS become a Major epidemic which effect to all sector of society. Rapidly increasing prevalence rate among the country given the tension to the policy maker about the situation of the HIV.

Government and policy maker play important role by making effective policy and the international relation effect to all situation in specially when then other nation fight from same problem so these research become important to analysis the research about the policy making and effective implementations of these policy at grass root level Mass media at present time play important role to increasing awareness level in high risk group and general population, TV, Radio, Newspaper, Hording, internet. Given many programe to increase awareness level among the society in both countries.

This research works an effect to examine the relationship between South Africa and government Policy of HIV/AIDS. In both countries India and South African. Government policy effect HIV/AIDS at many level, Government and public sector, bureaucrats civil; servant, and general population.

Our research work focos on the policy and programe implementations In India and South Africa as well as neighbour country. Try to explore how much effect at the grassroots level and this importance to increase awareness level and tri to find out what is the barrier to implementation of the policy and project run by the Government of both nations.

First and foremost I want to thank my supervisor Professor Archana Sharma. She has taught me, both consciously and unconsciously, how good experimental
research is done. I appreciate all her contributions of time, ideas, and funding to make my Ph.D. experience productive and stimulating. She has been actively interested in my work and has always been available to advise me whenever I needed. I am very grateful for his patience, motivation, enthusiasm and immense knowledge.

I am especially grateful to the faculty members particularly Professor S.K Caturwedi. I want to thank, Dr.Sanjev Sharama, Department of Political Science, C C S University Meerut,.I am also thankful to non-teaching staff of department.
