Acknowledgement

I express my deepest sense of gratitude and profound respect to Dr. C. R. Tripathy, Professor and Head, Dept. of Computer Science & Engineering and IT, Veer Surendra Sai University of Technology, Burla, Odisha, under whose able guidance the work has been completed satisfactorily. The author would like to express special thanks to Prof. Tripathy for undertaking the most tedious and cumbersome work of correcting the manuscripts. He encouraged and came to rescue at every crucial moment while carrying out the work. One can learn a lot from him and I found his guidance as a distinct privilege to me. Next to Prof Tripathy I can not forget the support got from Mrs Tripathy.

I take the opportunity to thank my Institute authorities, colleagues and friends who supported me during my thesis work.

The author is grateful to her parents Dr. R.N.Dash, Ex. Prof Civil Engg & Registrar, N.I.T., Rourkela and presently working as Director, C.C.E.T, Bhilai and mother Mrs Gayatri Dash who have there contributions and endless support for her studies, service and household difficulties.

The author wishes thank to family members and to her son Om Aditya and daughter Amritasha for their throughout support for taking up the study. My heartfelt thanks to my dear husband Er. Alok Adhikari for his continuous help and wholehearted support at every stage of this research work without which this would not have been completed.

Before I conclude thanks are to the anonymous reviewers of my work and to everybody from whom I have got inspiration, support, guidance, help, affections while doing the research studies along with thesis work, I would bow my head before the Almighty who has become so kind to me to complete the work.
