ACKNOWLEDGEMENT

I am extremely grateful to Dr. A. K. Das, M. Sc. (Utkal), Ph. D. (Sambalpur), F. I. C. (India), Principal, Bonaigarh College, Bonaigarh for his helpful guidance and valuable suggestions throughout the course of the present investigation.

I take this opportunity of expressing my indebtedness to Dr. D. V. Ramana Rao, M. Sc. (B.H.U.), Ph. D. (London), F. I. C. (India), professor and Head, Post Graduate Department of Chemistry, Regional Engineering College, Rourkela for his encouragement and interest in the work.

My thanks are due to Shri T. A. Subramanian (Chief Chemist), Dr. B. K. Das, Dr. D. B. Mishra and Dr. R. N. Dash (Senior Chemists), Research and Control Laboratory, Rourkela Steel Plant, Rourkela for their encouragement. I also thank the management, Rourkela Steel Plant, for providing necessary research facilities. I gratefully acknowledge the cooperation of Dr. K. M. Puruchit, and Dr. B. Pradhan of the Department of Chemistry, Regional Engineering College, Rourkela and Shri B. K. Kanungo of the Department of Chemistry, Municipal College, Rourkela in this work.

I wish to acknowledge the assistance provided by the RSIC at Central Drug Research Institute, Lucknow for running the U.V. and I.R. spectra of the compounds reported in this investigation. I also express my appreciation to Shri J. Dash for drawing the graphs and to Shri J. Acharya for typing the thesis.

Finally, I must recognise the inspiration and cooperation of the members of my family which enabled me to execute the work.
