Acknowledgements

I am very much delighted to express my deep sense of gratitude to Dr. Sunil Behari Mohanty, Reader, Department of Education, for putting me on the path with much-valued knowledge and experience in the field.

I first became interested in the theme of humanistic education and Upanishads when I got a chance to listen to Pandit Madan Mohan Vidyasagar on Vedānta and Upanishads a couple of years ago. Shortly after that I had an encounter with Prof. Adrian Underhill, Director of International Teacher Training Institute, Hastings, UK at a seminar on humanistic education. I express my heartfelt gratitude to them for initiating the idea in my mind.

I owe a debt of gratitude to Prof. A.K. Panda, a scholar on Upanishads, who spared his valuable time to discuss the subject and took trouble to go through my thesis at various stages of its preparation and offered comments on it.
I also acknowledge the encouragement of Prof. Sridhara Mahapatra, OUAT, Bhubaneswar, who assumed the humble task of going through the thesis and gave valuable suggestions.

I am extremely thankful to the then Director, Dr. M.J. Das, English Language Teaching Institute, Bhubaneswar, for permitting me to work on this ambitious project.

I am specially thankful to Dr. Glen Johnson, Director of American Studies Research Centre, Hyderabad and his staff for not only giving me grants but also providing me with necessary materials and facilities for the work. Besides, I express my thanks to the Sanskrit Academy, Hyderabad, Osmania University library and Bhandarkar Oriental Research Institute, Poona for their generous help and co-operation to use the library.

Finally I wish to express my thanks to Mr. Bhaskar Kar who took special care to type my thesis in the shape in which it is being presented.
