ACKNOWLEDGEMENTS

It gives me immense pleasure to express my heartfelt gratitude and appreciation to my research supervisor Dr. K. Veeraiah, Asst Professor, Department of Zoology and Aquaculture for suggesting a novel Problem for execution I am fortunate to have blessed with the privilege for working under his guidance. I enlightened myself through discussions, critical analysis and bright ideas in executing my day to day work. Words are inadequate to express my indebtedness to him for the intellectual interaction, moral support and enduring succor without which this venture would never have materialized.

I owe my deepest gratitude to Prof. K.R.S.S. Rao, Chairman, Board of Studies, Department of Zoology and Aquaculture Acharya Nagarjuna University, for his expertise, help, constant support and encouragement during the course of this work.

I am also grateful to faculty members, Prof. Y. Rangareddy (Emeritus), Prof. K.S. Tilak (Rtd.), Prof. S.V. Sharma (Rtd.), Prof. V. Veveka Vardhani (Rtd.), Dr. P. Padmavathi, Coordinator, Dr. P.V. Krishna, Dr. G. Simhachalam, Dr. K. Sumanth Kumar, Dr. k. Suneetha, Dr. M. Jagadeesh Naik, Dr. V. Venkata Rathnamma, and Dr. N. Gopala Rao, Department of Zoology and Aquaculture, Acharya Nagarjuna University, for their support.

I remain grateful to the management of D.N.R College Association, Bhimavaram for giving me permission to carryout Research Work under FDP Programme.

I wish to express my sincere thanks to Sri P. Ramakrishnam Raju, Principal, UGC, Coordinator, D.N.R College, Bhimavaram for his constant encouragement and timely help provided in my research carrier.
I wish to place a record of my profound sense of gratitude to my retired staff members for their moral and academic support during the course of investigation.

My sincere thanks are due to Dr. K. Usha Rani, Head of the Department of Zoology, D.N.R College for providing the necessary laboratory facilities, moral and academic support during the course of investigation.

My diction of thanks will be incommensurate to my colleagues of Zoology Department, D.N.R College. Dr.Md. Ismail, K. Chinatataiah, K. Sreedhar for their timely help, encouragement and cooperation throughout my work.

Words do not suffice to convey my heartfelt thanks to my research colleague Mr. Ch. Vivek for his ceaseless help throughout my research work.

I record my exuberant thanks to my research colleagues to Dr. M.Naga Prasanna, Dr.Dhilleswara Rao, Dr.Venkateswarulu, P.Anthony Reddy, Mr. Ch. Krishna, Sindoora, Rajeswari for their timely help and cooperation.

I am indebted in a measure beyond words to my most beloved parents Sri. B. Mohan Rao and Smt. B. Soubhagyam who have given me life and thought the concepts of life. Diction is not enough to express my gratitude and regards, without whose everlasting love and help in every walk of life, this work would not have been possible.

I shall extend my privileged greets and cheers to my beloved sister Suneetha for her warmest and affectionate feelings extended from my childhood till now.

I would like to place on record my special and sincere thanks to my husband D. Kanakaiaiah, for his unstinted help and constant encouragement throughout this investigation.

My special feeling of love and blessings to my little angle Pratyusha for her continuous cooperation, love and encouragement during the prior of work.
The lack of vocabulary fails me to express my feeling to my beloved brother-in-law, T.Praveen Kumar without whom this page will not be there.

A Special note of thanks goes to all Non-Teaching staff of Zoology in University.

I acknowledge the University Grants Commissions, New Delhi, for granting me Under F.D.P Programme to carry this research work.

It is a present task to express my thanks to all those to contribute in many ways to success of this study and made it an unforgettable experience for me.

B. PADMAJA
