List of Charts  iv
List of Figures  iv

Chapter 1 Introduction  1
Features of The Indian Tyre Economy
Features of The World Tyre Economy
Past Studies, Data Sources and Organisation

Chapter 2 The Framework For Analysis  25
Approaches To The Study Of Industrial Performance
The Dominant Approach And Its Evolution
The S-C-P Paradigm And Its Application in LDCs
Limitations Of The Dominant Approach
The 'Modified' S-C-P Framework

Chapter 3 Development and Structure Of Indian Tyre Industry  52
Structural Change: The Early Phase, 1936-1959
Structural Change: The Second Phase, 1960-1974
Nature and Form of Vertical Integration
Effective Rate of Protection On Tyre Output

Chapter 4 Pricing Behaviour of Firms  108
Pricing Behaviour of Firms In An Oligopoly
Relationship Between Market Structure And
Pricing Behaviour In The Tyre Industry

Chapter 5 Technological Behaviour of Firms  144
Market Structure and Innovation: The Evidence
Product and Process Innovations In The World Tyre Industry
Technological Changes In Indian Tyre Industry
Foreign Technical Collaboration in Indian Tyre Industry
Development of Domestic Technological Capability

Chapter 6 Conclusion  203

APPENDICES
A. Nationalisation of Inchek Tyres Ltd.  219
