

Acknowledgements

At the very beginning, I would like to express my sincere gratitude to my research supervisors Prof. (Retd) Pradip Kumar Boruah and Dr. Utpal Sarma for their enthusiasm, guidance and support during my research. I greatly acknowledge them for giving me the opportunity to work and learn in this area of tea instrumentation and application of smart sensors. Their guidance, drive, ideas, care and dedication help me a lot in each of the technical issues I faced. I have truly enjoyed and benefitted from working with them.

I thank Dr. K. C. Sarma, HOD and the entire staff of the Dept. of Instrumentation and USIC, Gauhati University. I also convey my gratitude to Dr. Diganta Kr. Sarma, Assistant Professor, B. Borooah College for his guidance and support during the work. Dr. Banty Tiru, Associate Professor, Dept of Physics, Gauhati University is also acknowledged for her help and support. Mr. Manash Pratim Goswami, one of my fellow research scholars, is also acknowledged for his help and support during this period. I wish to thank my other fellow research scholars Ms. Kunjalata Kalita, Mr. Nipan Das, Mr. Sudipta Hazarika, Mr. Rajdeep Choudhury, Mr Babak Montezar, Mr. Nairit Barkataki, Ms. Rubi Baishya for their inspiration towards my work.

I would like to thank Mr. S.P. Singh, Manager and Mr. A. Boruah, Asst. Manager of the tea factory and all the staff members of the factory for their help and support. The tea tasting agency and Mr. K. Kalita, Tea taster is also acknowledged for their help during the tenure. I wish to thank Mr. B. Baishya of Guwahati Tea Auction Centre for his help. I would like to offer my sincere thanks to all the members of the tea factories I visited for field study and testing of the instrument and the people I met for my research work. Individual acknowledgement is not feasible for the instance.

I would be grateful to Department of Science and Technology, Govt. of India for offering the INSPIRE fellowship to me (IF110632).

I would like to thank my parents, Mr. Biren Saikia and Sewali Saikia for their blessings and support towards my work. I acknowledge all my family members and relatives for their support. I thankful to my beloved wife, 'Irani', with whom I share most of the difficulties I faced. Her constant support, inspiration and encouragement mean a lot for me.
