ACKNOWLEDGEMENT

The researcher wishes to thank the Almighty for creating this world with many good people. It is because of them that this world is a better place to live in.

First of all, the researcher would like to thank Shefali Pandya, whom she is indebted to for her expert guidance, invaluable assistance and moral support at all stages of the research. The researcher wishes to express her gratitude to her without whose guidance this work would not have been possible.

The researcher wishes to thank the Management and the Principal of All India Khilafat Committee’s College of Education for their co-operation extended to her during the time of data collection.

The researcher wishes to thank the Principals of N. H. H. School and D. P. Y. A. School for giving permission to establish the reliability of the tools. Thanks are also due to the students of these schools.

The researcher wishes to extend her gratitude to the experts for their suggestions.

The researcher wishes to thank the Principal, staff and students of V.W.A.H. School and A. I. H. School for their co-operation extended while
the treatment was being meted out and during the administration of the
tests.

The researcher is indebted to the authors whose books have helped
directly or indirectly in writing this thesis. These books have enriched the
researcher with ideas which have clarified many concepts.

The researcher wishes to thank the librarians of S. N. D. T. Library
and Jawaharlal Nehru Library.

The researcher also wishes to thank the typist of this research Mohd.
Mohtashim Khan, for his neat work.

Last but not the least, the researcher would like to thank her parents,
family members and friends who have given moral support and without
whose blessings this work would not have seen the light of the day.
