</table>
4.9 Test of Significance of Items Based on the Component Participation in the Package Evaluation Proforma using Chi-Square Test

4.10 Test of Significance of Items Based on the Component Flexibility in the Package Evaluation Proforma using Chi-Square Test

4.11 Test of Significance of Items Based on the Component Reliability in the Package Evaluation Proforma using Chi-Square Test

4.12 Ingredients of Social Intelligence Considered for the Development of Social Intelligence Test

4.13 Distribution of Items in the Social Intelligence Test (Draft form)

4.14 Distribution of Items in the Social Intelligence Test (Final Form)

4.15 Distribution of Items in the Study Skills Inventory (Draft form)

4.16 Distribution of Items in the Study Skills Inventory (Final form)

4.17 Scoring Procedure for Positive and Negative Statements in the Study Skills Inventory

5.1 Perception of Teachers on the Existing Level of Social Intelligence (Social Knowledge) of Primary School Students

5.2 Perception of Teachers on the Existing Level of Social Intelligence (Social Understanding) of Primary School Students

5.3 Perception of Teachers on the Existing Level of Social Intelligence (Social Memory) of Primary School Students

5.4 Perception of Teachers on the Existing Level of Social Intelligence (Prosocial Attitude) of Primary School Students

5.5 Perception of Teachers on the Existing Level of Social Intelligence (Social Skills) of Primary School Students
5.6 Perception of Teachers on the Need for Enhancing Social Intelligence (Social Knowledge) of Primary School Students

5.7 Perception of Teachers on the Need for Enhancing Social Intelligence (Social Understanding) of Primary School Students

5.8 Perception of Teachers on the Need for Enhancing Social Intelligence (Social Memory) of Primary School Students

5.9 Perception of Teachers on the Need for Enhancing Social Intelligence (Prosocial Attitude) of Primary School Students

5.10 Perception of Teachers on the Need for Enhancing Social Intelligence (Social Skills) of Primary School Students

5.11 Measures of Central Tendency, Dispersion, Skewness and Kurtosis of Social Intelligence Scores of Primary School Students

5.12 Mean, Standard Deviation, Standard Error and Ranges of $M_{pop}$ and $SD_{pop}$ of Social Intelligence Scores of Primary School Students

5.13 Data and Results of the Test of Significance of Difference Between Mean Social Intelligence Scores of Primary School Students Based on Gender

5.14 Data and Results of the Test of Significance of Difference Between Mean Social Intelligence Scores of Primary School Students Based on Locale of School

5.15 Data and Results of the Test of Significance of Difference Between Mean Social Intelligence Scores of Primary School Students Based on Type of Management of School

5.16 Comparison of Social Intelligence of Primary School Students (Consolidated)

5.17 Measures of Central Tendency, Dispersion, Skewness and Kurtosis of Social Intelligence, Study Skills and Aggression Scores (Pretest) of the Experimental Group
5.18 Measures of Central Tendency, Dispersion, Skewness and Kurtosis of Social Intelligence, Study Skills and Aggression Scores (Posttest) of the Experimental Group

5.19 Mean, Standard Deviation, Standard Error and Ranges of $M_{\text{pop}}$ and $SD_{\text{pop}}$ of Social Intelligence, Study Skills and Aggression Scores (Pretest) of the Experimental Group

5.20 Mean, Standard Deviation, Standard Error and Ranges of $M_{\text{pop}}$ and $SD_{\text{pop}}$ of Social Intelligence, Study Skills and Aggression Scores (Posttest) of the Experimental Group

5.21 Results of Test of Significance of Difference Between Means of Pretest and Posttest Scores on Social Intelligence of the Total Sample in the Experimental Group

5.22 Results of Test of Significance of Difference Between Means of Pretest and Posttest Scores on Social Intelligence of the Subsamples in the Experimental Group

5.23 Results of Test of Significance of Difference Between Means of Pretest and Posttest Scores on Social Intelligence - Dimension wise of the Experimental Group

5.24 Results of Test of Significance of Difference Between Means of Pretest and Posttest Scores on Study Skills of the Experimental Group

5.25 Results of Test of Significance of Difference Between Means of Pretest and Posttest Scores on Study Skills - Dimension wise of the Experimental Group

5.26 Results of Test of Significance of Difference Between Means of Pretest and Posttest Scores on Aggression of the Experimental Group

5.27 Results of the Summary of ANOVA of the Pretest and Posttest Scores on Social Intelligence of Primary School Students Based on Gender
5.28 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Social Intelligence of Primary School Students Based on Gender

5.29 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Social Intelligence of Primary School Students Based on Gender

5.30 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Study Skills of Primary School Students Based on Gender

5.31 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Study Skills of Primary School Students Based on Gender

5.32 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Study Skills of Primary School Students Based on Gender

5.33 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Aggression of Primary School Students Based on Gender

5.34 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Aggression of Primary School Students Based on Gender

5.35 Data and Results of the Test of Significance of Difference between the Adjusted Means of Posttest Scores of Aggression of Primary School Students Based on Gender

5.36 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Social Intelligence of Primary School Students Based on Locale

5.37 Consolidated Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Social Intelligence of Primary School Students Based on Locale

5.38 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Social Intelligence of Primary School Students Based on Locale
5.39 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Study Skills of Primary School Students Based on Locale

5.40 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Study Skills of Primary School Students Based on Locale

5.41 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Study Skills of Primary School Students Based on Locale

5.42 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Aggression of Primary School Students Based on Locale

5.43 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Aggression of Primary School Students Based on Locale

5.44 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Aggression of Primary School Students Based on Locale

5.45 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Social Intelligence of Primary School Students Based on Type of Management of School

5.46 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Social Intelligence of Primary School Students Based on Type of Management of School

5.47 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Social Intelligence of Primary School Students Based on Type of Management of School

5.48 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Study Skills of Primary School Students Based on Type of Management of School

5.49 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Study Skills of Primary School Students Based on Type of Management of School
5.50 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest scores of Study Skills of Primary School Students Based on Type of Management of School

5.51 Results of the Summary of ANOVA of the Pretest and Posttest Scores of Aggression of Primary School Students Based on Type of Management of School

5.52 Results of the Summary of ANCOVA of the Pretest and Posttest Scores of Aggression of Primary School Students Based on Type of Management of School

5.53 Data and Results of the Test of Significance of Difference Between the Adjusted Means of Posttest Scores of Aggression of Primary School Students Based on Type of Management of School

5.54 Hypotheses Formulated for the Study and their Tenability
