LIST OF PUBLICATIONS

1. Galvanostatic deposition and characterization of cuprous oxide thin films.

2. Studies on cuprous oxide thin films for solar cell applications.

4. Potentiostatic deposition and characterization of thin film of Cu₂O.

5. Galvanostatic deposition and characterization of Cu₂O thin films.
   National Seminar on recent trends in Materials Science (NSRTMS – 99), Nov. 25-27, 1999, Sri Venkateswara University, Tirupati, India.

6. Annealing effects of cuprous oxide deposited by electrodeposition technique.
   National Seminar on recent trends in Materials Science (NSRTMS – 99), Nov. 25-27, 1999, Sri Venkateswara University, Tirupati, India.

7. Conductivity enhancement of Cu₂O thin films.

8. Pulse plating and characterization of Cu₂O thin films.

9. Potentiostatic deposition and characterization of Cu₂O thin films.
10. Preparation and microstructural studies of electrodeposited Cu$_2$O thin films. 
   Communicated to The Journal of Materials Science.

11. Characterization of pulse plated Cu$_2$O thin films. 
   Communicated to surface coatings and Technology.

12. Structural and annealing studies of potentiostatically deposited Cu$_2$O thin films. 
   Communicated to Materials Science Letters.
