

C O N T E N T S

Chapter No.	Title	Page No
I.	INTRODUCTION	1
II.	Metallic Powder as pigment used in protective coatings - A review	24
III.	Experimental Details	52
IV.	Electrochemical behaviour of Butyl Titanate based Metal Powder pigmented primers and finish coated systems in chloride medium	76
V.	Electrochemical behaviour of Cashew nut shell liquid (CNSL) Resin based metal powder pigmented primers and finish coated systems in chloride medium	153
VI.	Electrochemical behaviour of Epoxy- Polyamide resin based metal powder pigmented primers and finish coated systems in chloride medium	216
VII.	Summary	276
