ACKNOWLEDGEMENTS

As I complete this humble contribution to scientific pursuit, it gives me immense pleasure to acknowledge all those who have rendered help for completion of my thesis work. It is indeed a matter of profound pleasure and privilege to express my deepest gratitude to my esteemed supervisor Prof. Rajinder Jindal, Department of Zoology, Panjab University, Chandigarh for his enlightened guidance, constant and effective encouragement, sincere co-operation and benevolent attention without which this thesis work would not be possible. His availability, deep interest in my work, and analytical view, intellectual precision, pertaining zeal for the perfection and unparalleled enthusiasm for research contributed a lot for the completion of this research work.

I would like to express, my warm thanks to Prof. Sukhbir Kaur, Chairperson, Prof. Vijay Lakshmi Sharma and Prof. Neelima R. Kumar, Ex-Chairperson, Department of Zoology, Panjab University, Chandigarh for providing necessary research facilities.

I would like to express my profound regards to Prof. M.S. Johal, Dr. Y.K. Rawal and Dr. Ravneet Kaur, Department of Zoology, Panjab University, Chandigarh for their kind help and moral support during the research work. Also I would like to convey my thanks to all teaching faculty members of the department for providing all support throughout my stay in the department.

Financial assistance rendered by the University Grants Commission, New Delhi, for the conduct of the research work is duly acknowledged.

I am highly obliged to Mr. Pardeep Vaishnav, Mr. Madan Mohan and Mr. Sandeep Arya & Mr. Girish, AIIMS, New Delhi, and Mr. Mohinder Singh & Mr. Sumit Dhiman, CIL, Panjab University, Chandigarh and Dr. Rajeev Patnaik, Professor, Department of Geology, Panjab University, Chandigarh for their expert guidance and help in SEM & TEM studies. I am grateful to Dr. Ashok Aggarwal, Scientific officer, NIPER, Mohali (Pb) for help in providing facility of Gas Chromatography-Mass Spectroscopy for pesticide residue analysis. I am highly thankful to Mr. Navtej Singh, CIL, Panjab University, Chandigarh for photography.

Thanks to Mr. Ranjodh Singh, Nanoke Fish Seed Farm, Nanoke (Distt. Patiala, Pb) for providing fishes.

Thanks are also due to Dr. Indu Jindal, Associate Professor, Dept. of Mathematics, PGGCG, sector 42, Chandigarh for her help in statistical analysis of the data and for her continuous encouragement, guidance, support, love and care.

I owe a deep sense of gratitude for the invaluable contribution of my teachers, Prof. Karoona Mittal, Prof. Punit Puri and Prof. Pooja Sharma, D.A.V. College, Jalandhar (Pb). I could not be prouder of my academic roots and hope that I can in turn pass on the research values and the dreams that they have given to me. I take this opportunity to duly acknowledge Dr.
Deepak Wadhawan, who inspired me always to pursue this research and I owe a lot to him for this achievement; and specially Dr. Raj Darshan Paul Kaur for her kind love and help during initial period of my research work, I would also like to thank Prof. Jagbir Singh Kirti, Punjabi University, Patiala (Pb) for his kind support.

A good support system is important for surviving and staying sane. I was lucky to be a part of your company, Rupinder Kaur. You formed the core of our strong friendship. I truly thank Rohit Sharma, for consistently pouring positivity, strength & patience.

I owe my special thanks to my friends, who have always supported in all my hard times and helped me with work from time to time with their valuable suggestions and co-operation. Radhika Sharma, thank you for being like sister and more than a friend puji, your presence means alot; Seema Sheok and, I wonder how come you know my ATGC; Anuragini, thanks for being sweet and caring. Thank you for being an inspiration Raghav Bhardwaj. Your presence was very important in a process that is often felt as tremendously solitaire, you always managed to make me feel special and with you guys I had the best of my life. Thanks for the love, patience and understanding. I actually celebrate life with you guys.

I am also thankful to Dr. Anil, Dr. Vineet Katoch, Ankita Thakur, Harpreet Kaur, Shivani Singla, Preeti Kalia and Jyoti Jaglan for their support and help.

My profound thanks are due to my knowledgeable and friendly labmates Dr. Amandeep, Dr. Apneet, Sakshi, Shista, Veerpal, Smriti, Reshma, Kriti, Ritu and Sukhsmani and postgrad students cum friends Jaspreet, Mamoon, Ankita and Gurpreet for their co-operation.

Words fail to express love, inspiration, care and moral support for my family. The successful culmination of this thesis could not be possible without the blessings of my dear Mommy and Dad. You have faith in me and my intellect even when I felt like digging hole and crawling into one because I didn’t have that much faith in myself. Dad you are the best. You are the greatest gift of my life. A special note of thanks to Sandip, Peetu and Gurpreet for their enduring love and perpetual encouragement and for empowering me with the wings of education to help me soar high in life.

I also salute the silence sacrifice of the creatures that have given up their life.

Above all, I am thankful to God for the opportunity he has given me in shape of this work and for giving me the strength to complete this work.

“All things are possible for those who believe”
