ACKNOWLEDGEMENT

It is with profound respect and immense gratitude that I acknowledge my indebtedness to my supervisor and guide Dr. Thangam Menon, M.Sc., Ph.D., M.A.B.M.S., Lecturer, Department of Microbiology, Dr. ALM. PGIBMS, Taramani, Madras 600 113, for her meticulous guidance, constructive criticism, kind treatment, constant encouragement, invaluable advice and generous help at every step of this work and for shaping me as a Research scholar. But for her able and inspiring guidance this study would not have been possible.

I deem it as a privilege to place on record my sincere thanks to Prof. S.P. Thyagarajan, M.Sc., Ph.D., M.D. (Cophgn), D.Sc., FIMSA, FABMS, Head of the Department of Microbiology and Director, Dr. ALM. PGIBMS, Taramani, Madras 600 113 for his healthy criticism, constant encouragement and valuable suggestions.

It is my profound privilege to thank all members of the teaching faculties of the Department of Microbiology, for giving me the constant enthusiasm.

I deem it as a great privilege to thank sincerely and whole heartedly Prof. K.M. Marimuthu, Vice-Chancellor, Bharathiyar University, Coimbatore for helping me to realise my dream of becoming a research scholar. It is my duty to thank Prof. P.M. Gopinath, Dr. A. Ramesh and Dr. G. Jayaraman, Department of Genetics, ALM. PGIBMS, University of Madras for their kind help and constructive criticism.
My sincere thanks are due to Shri P.S.S.Thomas, I.A.S., Member Secretary, Central Silk Board, Dr.K.Thangavelu, Director and Shri M.K.R.Noamani, Joint Director, Regional Tasar Research Station, Central Silk Board, Imphal-2 for permitting me to submit the thesis.

I deem it as a privilege to thank sincerely Dr.P.Govindarajulu and Dr.S.Kameswaran, Former Directors, Dr. ALM PGIBMS, for permitting me to work in this institute.

I am immensely grateful to my clinical collaborators Prof.C.N.Delvanayagam, Dean, Sri Ramachandra Medical College, Porur, Madras and Dr.Pramila, Superintendent, Kasturba Gandhi Hospital, Madras-3, Dr.Suniti Solomon, Head, AIDS Cell, Madras Medical College, Dr. V.S.Sankaranarayanan, ICH & HC, Egmore, Madras, Dr.Sambasiva Rao and Dr.Reba Badrinath, Department of Microbiology, JIPMER, Pondicherry for providing me the clinical specimen and expert opinion.

I acknowledge with thanks the help of Dr.J.B.Clements, Dr.M.D.Richardson, University of Glasgow, U.K. and Dr.P.F.Troke, Pfizer Central Research, Sandwich, U.K. for providing me the standard Candida strains.

I am grateful to Prof. Asis Datta, Dr. Ganesan, Molecular Biology Lab, Jawaharlal Nehru University, New Delhi for teaching me the DNA techniques.

I am thankful to Dr.C.Dhamodharan, Assistant Director, Forensic Science Department, Madras for scanning the gel in my SDS-PAGE study.
I am also thankful to Dr. T. Valliammai, Research associate, Department of Microbiology for her kind help in carrying out molecular biology experiments.

My sincere thanks are to my research colleagues Mr. R. R. R. Rajkumar, Mr. K. Udayasankar, Mr. N. Mallikarjun, S. Jayaram, Mr. S. Dhamodaran, Mr. Rauf Latif, G. Amuthan and Mr. V. K. Krishnamoorthy, Department of Microbiology, Dr. ALM PGIBMS for their kind support rendered during the tenure of my research career.

My thanks are due to Miss. Pravina, Miss. Bhavani, Miss. Rama, PG Students and Mrs. C. Geetha, Technician Department of Microbiology for their help in collection and processing of clinical samples.

My profound thanks to Indian Council of Medical Research (ICMR), New Delhi and Council for Scientific Industrial Research (CSIR) New Delhi, for the financial assistance in the form of fellowship for accomplishing this task.

I am indebted to express my sincere thanks to all my well wishers and people who were behind the scene for contributing to the completion of this thesis work.

Finally, I wish to thank all the members of my family who were patient enough to see me complete this study.

K.M. Ponnuvel
