ACKNOWLEDGEMENTS

At the onset of my thesis, it is a pleasure task to express my thanks and gratitude to all those people who contributed in many ways to the success of this study and because of whom my doctoral experience has been one that I will cherish forever.

At this moment of accomplishment, first of all I would like to convey my deepest sense of gratitude and sincere thanks to my supervisor Dr. Nirmali Gogoi for her invaluable inspiration, guidance and constant encouragement throughout the course of my research work. From finding an appropriate subject in the beginning to the process of writing the thesis, she offered her unreserved help and guidance and led me to finish my thesis step by step. Her patience and support helped me to overcome many crisis situations and finish this dissertation. Her enthusiasm, integral view on research and mission for providing high quality work will always inspire me to explore new possibilities.

Besides my supervisor, I would like to offer my sincere thanks to the members of my Ph. D. doctoral committee Prof. K. K. Baruah, Dr. S. S. Bhattacharya and Dr. Rupam Kataki for their constructive criticism, insight suggestions and extensive discussion around my work. I also offer my gratitude and sincere thanks to all the faculty members of the Department of Environmental Science, Tezpur University Prof. K. P. Sarma, Dr. A.K. Das, Dr. R. R. Hoque, Dr. A. L. Devi, Dr. M. Kumar, Sumi Handique and Dr. A. Prakash for their valuable advice and suggestions during the Ph. D. tenure.

I would like to acknowledge Dr. P. K. Debchoudhury (RARS, Shillongoni, Assam, India) for providing me the seed materials in time. I also extend my gratitude to Manoranjan Nath (NERWLM, Tezpur, Assam India), Dr. D. J. Nath (Department of Soil Science, Assam Agricultural University, Jorhat, Assam, India) and Dr. Bikram Borkotoky (RARS, North Lakhimpur, Assam, India) for helping me with the analysis.

My special thanks go to the technical staff of the Department of Environmental Science, Tezpur University and Jintu Da for their help and support during my study. I extend my sincere thanks to the entire family of Department of Environmental Science, Tezpur University for the valuable support throughout the course of my research.
I am extremely thankful to my fellow lab-mates Bhaswatee Ba, Sreyashi, Nandita, Subham and Nijara for their endless help and support throughout the period of my study. I am deeply indebted to my dear friends Sanghita, Nirmali, Ashmita, Aparna, Anindita, Banashree, Himadri and Jyoti Prakash for staying besides me and for their endless help, support and encouragement.

I would be thankful to Tezpur University for providing me the opportunity and all the necessary facilities to carry out my research work.

I would like to express heart-felt gratitude to my family who members have been a constant source of love, concern, support and strength all these years. I am extremely indebted to my father Mr. Sarbeswar Sarma and my mother Mrs. Anima Sarma for their invaluable sacrifice to provide me a carefree environment. I am also thankful to my brothers Babu and Bubu for their constant love and motivation. I also extend my gratitude to my husband, Tanuj Sharma for his support.

Above all, I also place on record, my sense of gratitude to one and all who directly or indirectly have lent their hands in this endeavor.

Finally, I owe it all to the Almighty for granting me the wisdom, health and strength to undertake this research task and enabling me to its completion.

Banashree Sarma
