Acknowledgement

Firstly, I would like to express my sincere gratitude to my research guide Dr. K. Lingappa, Professor, Department of Post Graduate Studies and Research in Microbiology, Kalaburagi, for the continuous support of my Ph.D study and related research, for his patience, motivation, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study.

I wish to express heartfelt thanks to The Chairperson, Department of Microbiology, Gulbarga University, Kalaburagi, for providing the facilities and her kind co-operation throughout the work.

My sincere thanks to Dr. C.T. Shivannavar, Professor, Department of Microbiology for his encouragement and kind help. I would like to thank the teaching and non teaching staff, Department of Microbiology, Gulbarga University, Kalaburagi, for their kind co-operation.

I greatly acknowledge Librarian and Dr. Darley Pattathil, Head Computer Centre, Gulbarga University, Kalaburagi, for providing library and internet facility.

I am also very much thankful to Dr. Hogne Vik, CMO Nattopharma, Norway for providing standard menaquinone-7 as gift, and I am also thankful to Raju Balabatra, study director, Teena Biolabs, pvt.ltd, Hyderabad for providing animal work facility.

I would like to place on record the valuable suggestions, encouragement and support provided by my senior researchers Dr. Chandrashekar naik, Dr. C.S. Vivek Babu, Dr. T. Pramod, Dr. Prabhakar Mujagond, Dr. Diva Biradar and Dr. Mahesh Divatar.
I extend my thanks to my research colleagues of our lab., Mr. Sarfaraz Ahmed, Miss. Shivaleela, Mrs. Masrath Fatima, Mrs. Asma Farheen, for their friendly suggestions and kind undebted support during my research. Thank you for creating a nice working atmosphere in the lab, for all the company and friendship, and for all fun.

I wholeheartedly thank my dear friends, Dr. Dattu Singh, Dr. Saikumar Budihal, Shivkumari, Rajeshwari, Pratibha, for standing by me at all times during my research study.

My special thanks are also due to Siddharth and Dr. Ashish kumar singh for their kind help throughout the course of my research work.

I remember all the teachers and friends who direct me since my childhood and could bring this thesis out from an ordinary person like me.

Many regards to my family, Srinath Gajare, Sandeep Gajare, Sanjay Gajare (Brothers) and Sridevi (Sister) and also my sweet niece and nephew, Miss. Pallavi and Master Shreyash for their boundless affection and continuous support throughout my study. Their prayers had given me the strength to overcome all the hurdles not just during my research but also in various other aspects and to complete this thesis successfully.

I shall be failing in my duty if I do not place on record my heartly and loving gratefulness to my dearest parents, Mr. Sharnappa Gajare and Mrs. Sunanda Gajare who sacrificed a lot for my welfare and brought me up to this esteemed stage, and also for their ever-lasting love, constant inspiration and support without which I could not have completed the task to the subjective satisfaction.
