ACKNOWLEDGEMENTS

I take this opportunity to express my deep gratitude to my Ph.D. thesis work supervisor, Dr Pradeep G. Siddheshwar, Professor, Department of Mathematics, Bangalore university, Central College, Bangalore for the guidance and support he has provided throughout the course of this work. His patience and guidance is greatly appreciated. I consider myself fortunate for having done the research work under his inspiring guidance.

I extend my deep gratitude to our Department Chairman Dr Hanumanthappa M., Dr Muralidhara B. L. and Dr Somashekar M. T., Department of Computer Science and Applications, Bangalore University who stood by me always and have always been a source of inspiration during the course of my Ph.D. work. I shall remember their kindness and help always and I thank them for their incessant support and friendly gesture many a time.

My sincere thanks to Dr Chikkamoga, K. T. Krishnappa and Jayaram Killhar, who encouraged me to do research.

I am extremely thankful to Dr Mahesha N., Dr Om P. Suthar, Dr Sushan K. Bairy, Meenakshi N., Kanchana C., Prasad, Girish P. Naveen K. and Vasanthram S., for their constant and endless moral support at all times.

I express my special gratitude to our College Principal and colleagues at Government First Grade College, Jayanagar and Maharani’s College for encouragement and constant support.

A special thanks should also go to the staff and all research scholars of the Department of Mathematics, Bangalore University for their friendship and encouragement.

My deep appreciation goes to my wife and kids who supported me through and through and for everything they selflessly did for me during the period of my Ph.D. work.

ASHOKA S. B.
