Acknowledgements

God helps those who help themselves by being there with us and blessing us at all times, provided we dare to dream and dare achieve those dreams. If we recognize and utilize the gifts god gives us, stay focused on our goals, keep positive thoughts, start the day with prayers praising his glory he who moves the world, will definitely move the world for us. First of all I thank the god almighty for giving me a break through whenever I break down and blessing me with whatever I have ever achieved.

I wish to express my sincere gratitude and heartfelt thanks to my Research Supervisor Dr. S.L. Belagali, Professor, Department of Studies in Environmental Science, Manasagangothri, University of Mysore, Mysuru - 570 006. I am privileged to have him as my guide and for always supporting me during my research, for numerous conversations, ideas, valuable criticism and constructive comments. I am indebted to him for numerous reasons and for having provided me the opportunity to start and complete my study, at the Department of Studies in Environmental Science, during the research years.

I owe special thanks to Dr. N. S. Raju, Chairman, Department of Studies in Environmental Science for facilities extended during the course of research. I would like to express my gratitude to faculty Members, Dr. S. Srikantaswamy, Dr. A.G. Devi Prasad and Dr. G.V. Venkataramana, Department of Studies in Environmental Science, University of Mysore, for their suggestions and cooperation during the course of my research.

I owe special thanks to doctoral committee members Prof. S. Anand, Chairman BOS and DOS in chemistry, Prof. Y. B. Basavaraju, Prof. K. M. Lokanatha Rai and other teaching faculty
members Prof. H. S. Yathirajan, Prof. Nagaraja Naik, Prof. K. B. Basavaiah, Prof. S. Shashikanth, Prof. P. Nagaraj, Prof. G. Nagendraappa, Prof. H.D. Revanasiddappa, Dr. K. N. Mohana, Dr. M. P. Sadashiva, Dr. K. Mantelingu and Dr. B. S. Priya, DOS in Chemistry for their support.

I would gratefully acknowledge my thanks to the research colleagues, Mr. Supreeth M., Mr. Monahara B., Mr. Vadiraj K.T., Mr. Bhanuprakash M., Dr. Shyamala D.C., Dr. Divya J, Mr. Abhilash M.R., Mr. Jagadish K, Dr. Shivakumar D., Dr. Rakesh Sharma, Dr. Basavarajappa S.H., Department of Studies in Environmental Science and Mr. Sagar B.k., Mr. Kumar H.K., Mr. Anil S. M. and Mr. Rajeev N., Department of Chemistry, University of Mysore, Manasagangothri, Mysuru. I greatly thank all of them for their contributions. It has been such a pleasure to have their successful cooperation and to be a part of interesting conversations, patience and advice during the course of my research.

I take this opportunity to convey my sincere thanks to all the teaching and nonteaching staffs and research scholars from the department of Environmental Science and department of Chemistry, University of Mysore Manasagangothri, Mysuru, for their generosity and cooperation and for maintaining a very competitive yet friendly environment during my research work.

I am grateful to the University of Mysore for providing the opportunity to carry out the doctoral research. I am thankful to the research scholars of sister laboratories, faculties and research Scholars of sister departments for their co-operation and suggestions for the successful completion of my research work and bring out this thesis. I am also thank full to the IOE, CPEPA, UPE and PURSE Laboratories,
Vijnana Bhavan, University of Mysore, for providing instrumental facilities to analysis of the research samples.

I offer my sincere thanks to the Department of Science and Technology (DST) for providing INSPIRE Fellowship, which enabled me to carry out the research work.

None of this would have been possible without the endurance of my supporting beloved parents, my dearest thanks to parents Mr. Tammano and Mrs. Laxmi, my sister Mrs. Bharati Menasumane and wife Mrs. Nagaratna. I fall short of words to adequately thank them, for the role they have played in my academic and personal life. I would not have been able to succeed in this endeavor.

(Mahesh Bhat)
