INTRODUCTORY TALK TO THE STUDENTS DURING  
ADMINISTRATION OF THE SCHEDULE

(Translated From The Original Bengali Version)

"My young friends! you have just heard from your Headmaster/Headmistress about the purpose of my visit to your institution. Let me speak a few words more in this regard. Please remember that this is neither an examination related to your academic achievement, nor an assessment of the Board of Secondary Education, nor it has got any relation with the Government Education Department. It is purely a research work undertaken by me just to know your feeling about your social life. This research work is solely concerned with your views and so your very frank expressions play a vital role on the success of the research. My friends! you need not be worried to express your actual feelings and impressions because it would be utilised for research purpose only. You would get the necessary explanatory notes and instructions in this book-let as how to give your answer. For any difficulty to deal with the questions, you please refer the matter to me and me only. I shall be here, at your disposal, till you finish doing with the questions. I am sure that all of you will be serious enough in giving out your frank expression, while answering."
