CONTENTS

PART - I

CHLORO ACETYLATION OF SOME ORGANIC COMPOUNDS AND STUDY OF THEIR CHEMICAL AND PHARMACOLOGICAL PROPERTIES:

CHAPTER - 1 (A)

Dichloroacetylation of various aromatic compounds : FRIEDEL-CRAFTS REACTION.

Page 1 - 37

CHAPTER - 1(B)

Studies on the hydrolysis of some w, w-dichloroacetophenones - Synthesis of aromatic α-Oxo-aldehydes having antiviral and other activities.

Page 38 - 80

CHAPTER - 1(C)

Dichloroacetylation of some aromatic amines - preparations of some new dichloroacetamido compounds with pharmacological potentiality - a preliminary study of the antifungal activity of a few dichloroacetamides.

Page 81 - 109

PART - II

STUDIES ON MEDICINAL PLANTS.

Page 110 - 154
CHAPTER - 1(A)

Dichloroacetylation of various aromatic compounds: FRIEDEL-CRAFTS REACTION.

Introduction  Page 1 - 19
Summary and discussion  20 - 24
Experimental  25 - 37
