ACKNOWLEDGEMENT

Patience and perseverance are bitter plants which give sweet fruits, the qualities which reap the fruits of travails of science. Research, on large part has been the reason for me to imbibe these qualities, the reason why I take this opportunity to acknowledge and thank all the people for their patience, perseverance and support during my research period, which I would be modest enough to say, has been responsible for my own personal growth.

It gives me immense pleasure to acknowledge the dedicated efforts, sustained interest, affection and encouragement that I have received throughout my research tenure. I express my profound sense of gratitude and sincere thanks to my teacher and research supervisor, Dr. M. V. Kulkarni, Professor of Organic Chemistry, Department of Chemistry, Karnataka University, Dharwad.

I am greatly indebted to Prof. S.A.Chimatadar, Chairman, Prof. S .A. Patil, Prof. S. T. Nandibewoor former Chairmen, Department of Chemistry for providing all the necessary facilities during my research work.

I have been benefited by all my teachers at Department of Chemistry, Prof. L.D.Basanagoudar, Late Prof. G. S. Gadaginmath, Prof. M. L. Budni, Prof. N.B. Mallur, Prof. V.K.Revankar, Prof. (Smt) L. S. Manjeshwar, Prof. J. Seetharamappa, Prof. S. A. Chimatdar, Prof. K. B. Gudasi, Prof. K. M. Hosamani, Prof. M. Y. Kariduraganavar, Prof. I. M. Khazi, Dr. R. R. Kamble, Dr. L. A. Shastri and Dr. Sujatha K. I thank all of them for their support and concern.

I particularly thank my wonderful and talented research seniors and colleagues, Dr. K. Shivashankar, Dr. V. B, Jadhav, Dr. Mahantesha Basanagouda, Shabana Makandar, Vidya Hallur, Geeta Pawashe, Dr. Naazneen Yaragatti, Dr. Reshma. Naik, Hrishikesh Revankar, Kiran Pujar, Samundeeswari, Ashish Anand, Dr. R. G. Kalkhambkar, R.Marulasiddaiah for their support.

I am thankful to my teachers R.A Prabhu Sir, U.T Hegde Sir, Shashidhar Sir. I am also thankful to Late Smt. Dr. Geeta M. Kulkarni.

I wish to thank Dr. Alagawadi, for anti-inflammatory studies. Dr. Kishore Bhat for antimicrobial studies.
I am thankful to Prof. J. Tonannavar, Dept of Physics, K. U. Dharwad and Dr. Igor N. Shcherbakov, for their help in theoretical studies. I am also thankful to B.S. Palakshamurthy for his assistance in solving Crystal data.

I extend my heartiest thanks to Dr. C. M. Sun, Department of Applied Chemistry, National Chiao-Tung University, Hsinchu, Taiwan for providing spectra.

I am thankful to USIC, K.U Dharwad, NMR research Centre IISc, Bangalore ,Sigma Aldrich Chemicals Pvt Ltd, IIT Mumbai, Soniya Pharmacy College, Dharwad.

I am very much thankful to Veena Hedge, Bindu Ajithkumar, Manikandan for their timely help in recording the spectra.

I am thankful to UGC, New Delhi for RFSMS Scholarship (Single Girl Child).

I also thank Non teaching staff of the department for their assistance.

As Henry David Thoreau puts it, “The most someone can do for his friend is just to be his friend”. Here, I want to take this opportunity to express my heartfelt thanks to my dear friends Ashwini and Anupama, whose very presence gives peace to my mind and courage to my heart and I am thankful to Sandhya, Tasneem for being a friend, that everybody needs. I also extend my thanks to Shweta, Soumyashree, Madhuri, Chandrika, Shubha, Anupama Kulkarni, and my family members.

I also thank all my Friends, Classmates, Colleagues and juniors for making my life in University enjoyable and memorable.

I specially thank Anantanna for his blessings.

I take this opportunity to thank all those who have helped me directly or indirectly to complete this research work and finally to the god almighty for showing me the path.

Madhura V.
