ACKNOWLEDGEMENTS

A formal acknowledgement will hardly meet the ends of justice in the expression of my deep sense of gratitude and obligation to all those who helped me in the completion of my doctoral thesis. This research work is the result of the guidance, assistance and inspiration of several people who helped me throughout the study.

I simply fumble for words to express my debt of profound gratitude to my Guide Prof.(Dr.)R.K.Sehgal, for valuable suggestions, inspiring guidance and support in executing this research project right from its conception to completion. He constantly kept me reminding of regularity and systematic approach to work. It was only due to his constant support and guidance that I was able to gain the maximum knowledge that helped me to deliver the best.

With great pleasure, I acknowledge my sincere gratitude and profound thanks to my Co-Guide Prof.(Dr.)D.P. Goyal for his valuable advice and guidance. I am indebted to him for accepting my request to be my Co-Guide at a very critical time. He has been instrumental in his constructive criticism and useful suggestions rendered with deep insight.

This task would not have been completed without continuing support from my own work place – Gian Jyoti Institute of Management & Technology (GJ-IMT), Mohali and its Chairman Mr.J.S.Bedi who extended his constant support and Infrastructure facilities. My sincere thanks are also due to Prof(Dr.)R.P.Gupta and Dr.Aneet for their time and valuable suggestions during the research process.

I am extremely thankful to all the faculty of Business Studies of the Punjabi University, Patiala, for their suggestions, encouragement & support.

My special thanks to all the respondents, who responded favorably to questionnaires and spared time out of their busy schedules to grant personal interviews.
I will fail in my duty if I do not thank my parents, my wife, my two little kids and friends who always backed me up under all circumstances.
