ACKNOWLEDGEMENT

In the Name of Allah, the Most Gracious, the Most Merciful

First and foremost, I am deeply thankful to the Almighty Allah for His mercy that I have been able to complete my PhD thesis.

This research work would not have been possible without the guidance and the help of several individuals who in one way or another contributed and extended their valuable assistance in the preparation and completion of this study. I would like to take this opportunity to thank them all most sincerely.

With immense pleasure and sense of gratitude I thank my supervisor, Dr. Kausar Husain (Associate Professor), Department of English, Aligarh Muslim University, Aligarh, for the continuous support to my PhD study and research, for her patience, motivation, and guidance throughout these years of academic work. The countless enlightening discussions I had with her deepened my insight in this research. Her unconditional guidance helped me in all the time of research and writing of this thesis. Though she is very busy, insightful feedback on my work has never been delayed. Her invaluable support, encouragement, and scholarship enabled me to complete this piece of work. I could not have imagined having a better advisor and mentor for my PhD study.

I am very grateful to Chairperson Prof. Asif Shuja, Department of English, Aligarh Muslim University, for conducting the pre-submission presentation.

I extend my gratitude to all non teaching staff of the Department of English. I specially thank the library staff of the Department of English, A.M.U., Aligarh and librarians and other staff members of Maulana Azad Library, A.M.U., Aligarh, for providing me necessary help for this work.

Besides my supervisor, my sincere thanks go to the teachers Dr. Rashid Nehal and Dr. Rizwan Khan, Department of English, for their friendliness, helpful assistance, useful comments, and suggestions throughout the challenging times of my doctoral studies.
My wholehearted thanks go to my family. Words cannot express how grateful I am to my parents for all of their sacrifices that they have made on my behalf. I express my profound regard to my great Father Dr. Wajahat Ullah Khan for his love, devotion, sacrifice, and inspiring assistance without which this research work would not have been completed; and special indebtedness to my loving Mother Mrs. Mujahida Sherwani who motivated and encouraged me to pursue higher education. Without the blessings of my parents it would have been impossible for me to do anything worthwhile in my life. Their deep prayers, moral and physical support have always been my guiding lights. Also, I shall be failing in my duty if I do not put on record my wholehearted gratitude to my beloved elder sister Mrs. Ishwa Khan, and brother-in-law Mohd. Imran Khan.

Furthermore, I would like to acknowledge my indebtedness and special thanks to those friends in the university with whom I spent a fruitful time which I will never forget in my life. I fail my duty if do not mention the names of my dearest friends Dr. Sherly J. Joy, Dr. Sumbul, Dr. Zeba Farooqui for their words of encouragement during this work. They have helped, encouraged and motivated me to continue this research and supported me in writing.

My special thanks are rendered to Mr. Kafeel Ahmad Khan from Rehman Computers Typing Centre, Champion Market, Aligarh for computer type and setting out of the manuscript of the thesis on proper time.

Finally, I am extremely thankful to my would-be husband Mr. Imran Sherwani who was always my support in the moments when there was no one to answer my queries.
