ACKNOWLEDGEMENTS

I express my profound gratitude to “Allah” for enabling me to achieve success in the execution of my work.

With proud privilege and my deep sense of gratitude, I express my infinite and inexpressible indebtedness to my guide Prof. Mohammad Mobin, Dept. of Applied Chemistry, A.M.U., Aligarh, for his eminent guidance, morale boosting encouragement, undivided attention, sagacious advice, and above all his paternal affection throughout my research work which have made me reach up to this destination.

My thanks are due to Prof. R.A.K. Rao, Chairman, Department of Applied Chemistry, A.M.U., Aligarh, for providing me the necessary facilities during the tenure of my research work. I thank all the faculty members and the non teaching staff of the department for their cooperation.

I wish to state my deep gratitude to Prof. Eno E Ebenso, Material Science Innovation & Modelling (MaSIM) Research Focus Area, North-West University (Mafikeng Campus), South Africa and Dr. Hassane Lgaz, Laboratory of Applied Chemistry and Environment, ENSA, Ibn Zohr University, Agadir, Morocco for their kind help.

I hearty express my gratitude to Dr. Mosarrat Parveen, Guest Teacher, Department of Applied Chemistry, A.M.U., Aligarh, for her persistent encouragement and support.

Special words of thanks are also extended to my senior/sister Dr. Jeenat Aslam, Assistant Professor, Department of Chemistry, Taibah University, Al-Madina, Saudi Arabia, and my lovely room-mate and friend Dr. Saman Zehra who sacrificed their valuable time and without their help the present work would have not been completed. They have provided me every possible help in the various stages of my work.
Loving thanks and best wishes to my colleagues, Dr. Mohammad Alam, Dr. Neelofar Tanveer, Dr. Sheerin Masroor, Dr. Ruman Alam, Megha Basik, Farina Ansar, M. Shoeb, and M. Irfan for providing me enthusiastic environment during the progress of this work.

I express my special thanks to my friends Marziya Rizvi, Tanveer F. Rizvi, Moheeta Khan, Farah Kazmi, Sakina G. Khan, Farah Ansari, Umra Khan, Aisha Jabeen, Arfeen Iqbal, Faria Naqvi, Ila Ghazi, Dr. Sadia, Anam Mirza, Amna Khatoon, Ali Zehra, Farah Zehra, Dr. Shaista, Dr. Urfain, Dr. Ajahar Khan, Samim Hasan, and Mohsin J. Qazi for their cooperation and timely help.

My humble gratitude must also be reserved for my father Mr. M. Aslam, a role model for me and my mother Mrs. Sarfaraz Begum for being the source of inspiration. They have always stood by my side in all ups and downs of my life. Their blessings, support, encouragement, and caring attitude have really helped me complete this work.

I am really fortunate to have my sisters and brothers Afroz Aslam, Shaheen Aslam, Zubair Aslam and Javed Aslam for their unfailing emotional support during the entire period.

To everyone above and the countless others that I have missed, this work would not have been possible without you. THANK YOU!!!

I gratefully acknowledge UGC-MANF, New Delhi, for the financial assistance and thanks are due to USIF, A.M.U for SEM-EDX analysis, SAIF (CDRI, Lucknow) for providing elemental analysis and 1H-NMR facilities and IIT-Delhi for AFM analysis.

RUBY ASLAM
