<tr>
<td>II] Artificial Intelligence Expert System Models</td>
<td>51</td>
</tr>
</tbody>
</table>
III] Theoretical Models

i) Balance sheet decomposition measure theory

ii) Gambler’s ruin theory

iii) Cash management theory

iv) Credit risk theory

2.6 Preventive Measures to Financial Distress

2.7 Summary

Chapter III Present Scenario of Jute Industry

3.1 Introduction

3.2 International Scenario of Jute Industry and Trade

3.2 (a) Jute profile of North American Continent

3.2 (a) (i) United States of America (U.S.A) and its contribution to world jute sector

3.2 (a) (ii) Canadian contribution to world jute sector

3.2 (b) Jute Profile of South American Continent

3.2 (b) (i) Brazil and its contribution to world jute sector

3.2 (c) Jute Profile of European Continent

3.2 (c) (i) UK and its contribution to world jute sector

3.2 (c) (ii) Netherlands and its contribution to world jute sector

3.2 (c) (iii) Belgium and its contribution to world jute sector

3.2 (c) (iv) Germany and its contribution to world jute sector

3.2 (d) Jute Profile of African Continent

3.2 (d) (i) Egypt and its contribution to world jute sector

3.2 (c) (ii) Ethiopia and its contribution to world jute sector

3.2 (c) (iii) Zimbabwe and its contribution to world jute sector

3.2 (c) (iv) Cote d’Ivoire and its contribution to world jute sector

3.2 (e) Jute Profile of Asian Continent

3.2 (e) (i) Bangladesh and its contribution to world jute sector

3.2 (e) (ii) China and its contribution to world jute sector

3.2 (e) (iii) Pakistan its contribution to world jute sector

3.2 (e) (iv) Nepal and its contribution to world jute sector

3.2 (e) (v) Myanmar and its contribution to world jute sector

3.2 (e) (vi) Indonesia and its contribution to world jute sector
3.2 (e) (vii) Malaysia and its contribution to world jute sector  
3.2 (e) (viii) Vietnam and its contribution to world jute sector  
3.2 (e) (ix) Thailand and its contribution to world jute sector  
3.3 Research and Development to Promote World Jute Industry and Trade  
3.4 Evolution of Jute Industry in India  
3.5 Present Status of Jute Industry in India  
   Section (i): Production of raw jute and state-wise distribution of jute mills  
   Section (ii): Production of jute goods and international trade  
   Section (iii): Recent developments in Indian jute sector  
3.6 Present Status of Jute Industry in West Bengal  
   Section (i): Area and production of raw jute in West Bengal  
   Section (ii) Present status of jute mills operating in West Bengal  
   Section (iii) Future scope and opportunities  
3.7 Summary  

Chapter IV Financial Distress Analysis of Jute Companies in West Bengal  
4.1 Introduction  
4.2 Survey of Literature on Jute Industry with Special Reference to West Bengal  
4.3 Research Gap  
4.4 Objectives of Empirical Study  
4.5 Research Methodology  
4.6 Analysis of Findings  
   4.6.1 Graphical Analysis [Part A]  
      i) Liquidity Analysis  
      ii) Profitability Analysis  
      iii) Analysis of Capital Structure  
      iv) Asset Utilization of Sick and Non-sick Jute Mills  
      v) Analysis of Other Activity/Performance Indicators  
   4.6.2 Bankruptcy Prediction Model and its Findings [Part B]  
      Section I: MDA and Predictive Model  
      Section II: Reliability Test of MDA Model  
         Part (i): Reliability of the MDA Model  
         Part (ii): Identification of the Symptoms for Further Improvement or Deterioration
4.6.3 Logistic Regression and its Findings  137
4.7  Summary  143

Appendix A
Financial Ratios of Non-sick Jute Mills in West Bengal
(From 2003-04 up to 2012-13)  145

Appendix B
Financial Ratios of Sick Jute Mills in West Bengal
(From 2003-04 up to 2012-13)  150

Chapter V Conclusions and Recommendations  155
5.1  Summary of Findings  155
5.2  Policy Recommendations  157
5.3  Limitations of the Study  161
5.4  Scope for Further Research  162

Bibliography  163
a)  Books  163
b)  Articles, Unpublished Dissertation, Working Papers etc  164
c)  Websites  173
