ACKNOWLEDGEMENT

I wish to express my heartfelt gratitude and thanks to the hon’ble Chancellor, Dr. G. Viswanathan, Vice Presidents, Mr. Sankar Viswanathan, Dr. Sekar Viswanathan, Mr. G.V. Selvam and the Vice Chancellor, Dr. Anand Samuel for having provided all the facilities and the environment conducive for my research.

My profound, sincere and heartfelt gratitude and thankfulness goes to my Research Guide Dr. S. Narayanan, Senior Professor, School of Mechanical Engineering, VIT University, a fabulously wonderful person and a great motivator who has been very encouraging and patient with me all through these years of research and has been constantly pushing me up through my research and continuously supporting me throughout this endeavour.

I am grateful to Dr. Chinmoy Sarkar, my advisor for this research and the cause behind this, for giving me a direction for this research and showing me a path within the discipline and providing a foundation for this research.

I would like to express my special gratitude and thanks to Dr. N. Arivazhagan, Dean, SMEC, for the constant support and encouragement and for giving me such attention and time along with the help, support and advice without which this could not have been easy for me.

My sincerest thanks to the doctoral committee members Dr. Raghukanthan, Annamalai University and Dr. Padmanabhan, S.V. University, who have been very encouraging and full of thoughts and directions for the betterment of my research. Everyone in this group has been a mentor all these years and their advice has been critical in performing this research.

My heartfelt thanks and gratitude go to Mr. Rajasekharan for permitting me to carry out and experiment my research work in his enterprise and for all the encouragement, support and advice to overcome the difficult times and for being a
great supporter of my research work, without his help and advice this could not have been achieved.

Encouragement from my parents has been an important source of strength for me during this period. My heartfelt thanks go to my children and my wife, Mohana V for her constant encouragement and emotional support. She has always believed in me and I can always count on her to be in my corner when things get tough.

My thanks and appreciations also go to my colleague Dr. S. Karthikeyan, Professor, SMEC, and Dr. Dega Nagaraju along with other colleagues and people who have willingly helped me out with their abilities.

My sincerest thanks go to Mr. K. Narasimhan for helping me through with my drawings and the compilation of this report.
