ACKNOWLEDGEMENT

It give me immense pleasure and pride to express my deep sense of gratitude for my teacher and guide Dr. J. S. Yadav, FNA Director, Indian Institute of Chemical Technology, Hyderabad for his expert and inspiring guidance. I proclaim my indebtedness to him for his constant encouragement along with the useful suggestions and constructive criticisms during the entire tenure of this work. I consider myself fortunate in that it would have been impossible to achieve this goal without his support and care.

I pay rich tribute to my co-guide Prof. B. P. Bandgar, Director, Chemistry Department, Swami Ramamand Teerth Maratwada University, Nanded for constant support and encouragement during my Ph.D tenure.

I prefer my heartiest thanks to Dr. H. M. Sampath kumar and Dr. B. V. S. Reddy for his helpful discussions and concrete suggestions during my research work.

I should justify myself by expressing my sincere thanks to Dr. S. Raghavan, for his encouragement, criticisms and pragmatic suggestions at the times of difficulty.
