ACKNOWLEDGEMENT

It gives me great pleasure to express my deep sense of gratitude and appreciation to my research guide Dr. B. P. Bandgar, Professor and Head, School of Chemical Sciences, S. R. T. M. University, Nanded for his valuable guidance, stimulating discussions and encouragement throughout this work. Only because of his generous attitude, constructive criticism, erudite guidance and unending interest, working on this project was one of the most rewarding experiences in my life.

I am very much thankful to Dr. S. A. Suryawanshi, Hon’ble Vice Chancellor, S. R. T. M. University, Nanded for encouraging me by providing necessary facilities during the course of present investigation.

I express my sincere thanks to Dr. A. D. Sagar, Mr. V. T. Kamble, Mrs. S. S. Makone and other teaching and non teaching staff of School of Chemical Sciences for their kind co-operation.

I am thankful to Dr. P. P. Wadgaonkar, Scientist, National Chemical Laboratory, Pune for helpful discussions during the present investigation and generous help for the preparation of the manuscript. I am also very thankful to Prof. M. M. Salunkhe for his kind help in the preparation of the entire manuscript and helpful discussions.

Words are insufficient to express thanks to my friends Mr. Lav Uppalla and Mr. Suhas Kasture for their kind co-operation and help throughout this work. Preparation of this entire manuscript was impossible without their help and constructive criticism. I am also thankful to my friends Ramesh Kale, Rajendra
Chaphekar, Shivaji Pawar and Narayana Venugopalrao for their constant encouragement. I also thank Mr. S. V. Patil, Mr. S. S. Pandit and Mr. P. B. Gujarathi for their help.

Words fail to describe my indebtedness towards my parents and brother, Vivek for their unflinching and selfless help and support throughout my research career. This has helped me to come through, in one of the most enriching and interesting experiences of my life. I am very much grateful to my sister Sau. Deepa Kasture and brother-in-law Mr. Ajay Kasture for their love, blessings and encouragement throughout this work.

I am very much thankful to CSIR, New Delhi for financial assistance. At last but not the least I thank Mr. P. G. Chitte for typing and printing the entire manuscript.
