ACKNOWLEDGEMENTS

I have not traveled in a vacuum in this journey. Interdependence is certainly more valuable than independence. There are some people who made this journey easier with words of encouragement and more intellectually satisfying by offering different places to look to expand my theories and ideas. It is a pleasant aspect that I have now the opportunity to express my gratitude to all of them.

The persons I would like to thank are my supervisors Prof. P. Nanda Kumar, Professor, Department of Mechanical Engineering, N.B.K.R Institute of Sci. & Technology, Vidyanagar, Nellore and Prof. K. Prahlada Rao, Rector & Professor, Department of Mechanical Engineering, JNT University Ananthaparumamu, who offered his continuous guidance and moral support. I owe them lots of gratitude for shown this way of research. I could not have imagined having better advisors and mentors for my Ph.D, and without their knowledge, perceptiveness and cracking-of-the-whip I would never have finished. In addition, they were highly co-operative, always accessible and willing to help me with their valuable solutions for all the problems at crucial hour in the process of research work.

I express my sincere thanks to Prof. G. Ranga Janardana, Professor, Department of Mechanical Engineering, JNT University Ananthaparumamu, for his timely suggestions and valuable guidance in carrying out this research work.

I am deeply indebted to Prof. S. V. Satyanarayana, Director, Research and Development, & Prof. K. Rama Naidu, Director of Evaluation, Jawaharlal Nehru Technological University Anantapur (JNTUA), Ananthapuramu, for his encouragement, suggestions and co-operation which really helped me in this research. Also I express my sincere thanks to staff members of R&D, Jawaharlal Nehru Technological University Anantapur (JNTUA), Ananthapuramu, for their kind co-operation in execution of this work.

It would be a great privilege to express my gratitude to Dr. A.V. Ratna Prasad, Professor & Principal, Department of Mechanical Engineering V.R.Siddhartha Engineering College, Vijayawada for extending for his co-operation and help in completing this research work.
I express my sincere thanks to Dr. N.Vijayasai, Head of Department & Professor, V.R.Siddhartha Engineering College for his co-operation and help in carrying out the research work. Also I express my sincere thanks to Dr. Avija Sreenivasulu, Assistant Professor V.R.Siddhartha Engineering College, Vijayawada for his encouragement and help during this work.

I express my sincere thanks to Mr. P.S. Ravi Kumar, Associate Professor, and Mr. M. Chandra Sekhar, Assistant Professor N.B.K.R Institute of Science & Technology, Vidyanagar for their encouragement and help during the execution of this work.

I express my sincere thanks to Management of Siddhartha Academy General Technical Education, Vijayawada for extending necessary institutional help for the research work.

I express my sincere thanks to all the persons who had extended their help directly and indirectly in completing this research work.

I would feel, it is a great privilege to express my regards to my father Sri M. Raju garu, and my mother Smt. M. Elishamma garu, who are chiefly responsible to my existence as an evolved and cultured being in the society.

It is my pleasure to mention the valuable contribution of my better half, Smt. M. Bala Tirupathamma and my children Chi. M. Lakshmi Chaitanya, Chi. M. Lakshmi Aradhya and Chi. M. Lakshmi Aakrity for motivating me with their moral support and dedication in carrying out this work.

I would feel, it is a great privilege to express my regards to my brother M. Chennaiah, and family members for their great co-operation during the execution of this work.

I express my heart deep feelings to all the Masters and Supreme power for Showering blessings in completing the thesis work.

Bala Chennaiah. Mallapuram
