ACKNOWLEDGEMENTS

It has been an honour and a pleasure to have Professors Dr. R. Hariprakash (IITM) & Dr. M. Vijaya Kumar as supervisor and co-supervisor. In addition to their knowledge and vast experience, I would enjoy best support and patience during the hardest moments of the research work and writing of the dissertation. Their positive way of criticizing and best technical skills have been very instructive and will remain with me as a role model for the future. They have created an environment extremely favourable for my research and paved way in every possible mode.

I would like to express my sincere thanks to Dr. S. V. Sathyanarayana, Professor and Director, R&D, JNTUA, Anantapuramu for providing more support to complete the thesis work.

I record my sincere thanks and gratefulness to Dr. R. Kiranmayi, Professor and Head of the Department of Electrical and Electronics Engineering, JNTUA, Anantapuramu for her support. Grateful acknowledgment is extended to Faculty of EEE Department, JNTUA, Anantapuramu, whose reviews and constructive criticisms have improved the quality of this work. My sincere thanks are due to them for taking time from their busy schedules to serve on my Research review committee.

I am thankful to all my colleagues at the KSRM College of Engineering, Kadapa and Narayana Engineering College, Gudur for being friendly and helpful. The major acknowledgements are due to the persons that have proved how wonderful life can be on its simplest moments my wife M. Nagamani and my sons, J. B. Venkata Sai Pavan and J. B. Sai Bhanseedhar.

I am grateful to my parents and God for providing me an excellent environment conducive to research.

At last, I acknowledge my sincere thanks to all the authors and researchers listed in the bibliography whose ideas, concepts helped me in understanding the concept, selection of the research problem and analyzing the data.

With gratitude

J. A. BASKAR
