ACKNOWLEDGEMENTS

I offer my sincere gratitude to my learned and worthy supervisor, B.S. Yadav, Associate Professor, University College of Education, Kurukshetra University, Kurukshetra, for scholarly guidance and valuable help in completing this research study. He guided me at every step, making valuable comments and suggestions. Without his continuous encouragement and critical constructive evaluation, this work would not have been accomplished.

I am extremely indebted to Prof. Ramana Sood, Chairperson, Department of Education, Kurukshetra University for providing academic, administrative and moral support during the course of this study.

I am highly thankful to the librarians of Kurukshetra University, NCERT library, Mahrishi Dayanand University Rohtak, for their permission and cooperation to refer to the related study materials.

I am highly thankful to the principals, teachers and students who have participated and co-operated in making this study possible.

I cannot forget to pay my profound debt to my parents and in-laws, whose endless help regarding collection of latest research material and stimulating discussion enriched the present work. Among the persons I value most, I am profoundly grateful to my husband Mr. Abhishek Harit, who had always inspired, helped and provided me unequivocal support, constant co-operation, ever encouragement in various ways and sacrifices
rendered to me during this work. Without him, the present study would have not been a reality. My heart goes to my little children – Sanidhya and Sidhansh who bore separation many times, as I was busy in the completion of my research work.

I highly value the words of encouragement and help from my seniors, friends Anpurna Sharma, Poonam Sharma which supported and motivated me to sustain the efforts and accelerate the pace of my work.

Last but not the least I am also thankful to all those who helped me directly or indirectly to achieve this goal.
