LIST OF TABLES

Table 1. Comparison of Pedagogies .......................................................... 11
Table 2. Sessions of ICT Based Model ....................................................... 16
Table 3. Theoretical Bases of the Study ..................................................... 17
Table 4. A comparison of traditional and constructivist classroom .......... 53
Table 5. Sample/ Informants Selection ..................................................... 93
Table 6. Aspects of Assessment of ICT Practices by Teacher Educators .... 99
Table 7. Summary of Models Surveyed .................................................... 104
Table 8. Selection of Colleges of Education for Conducting Research ... 124
Table 9. Selection of Teacher Trainees from Colleges of Education ..... 125
Table 10. Blue Print of Content Test ....................................................... 128
Table 11. Calculation of Mean of Content Test ....................................... 135
Table 12. No. of ICT Sessions Conducted by Teacher Educators in a Year 147
Table 13. ICT Tools Used by Teacher Educators .................................... 148
Table 14. Types of References Used ....................................................... 149
Table 15. Record of References by Teacher Educators ........................ 150
Table 16. Determining Authenticity of Source ....................................... 151
Table 17. Preparation of a Session Plan .................................................. 152
Table 18. Listing of the Objectives Achieved through ICT .................... 153
Table 19. Criteria for Selection of ICT Tool .......................................... 153
Table 20. Consideration of Benefits of Using ICT Resources ................. 154
Table 21. Frequency of Use of ICT ....................................................... 155
Table 22. Use of ICT for Active Participation ....................................... 156
Table 23. Use of Interactive ICT Tool ................................................... 157
Table 24. Use of Group work/ Pair work .............................................. 157
Table 25. Integration of Assessments ..................................................... 158
Table 26. Role of the Teacher Educator ................................................ 158
Table 27. Role of the Teacher Trainee ................................................... 159
Table 28. Evaluation of the ICT Based Session ................................... 160
Table 29. Satisfaction with ICT Based Sessions ................................... 161
Table 30. Topic wise Mean of Content Test .............................................................. 163
Table 31. Overall Mean of Content Test................................................................. 164
Table 32. Significance of Difference of Mean - Coefficient of Correlation .......... 165
Table 33. Significance of Difference of Mean - Memory Training Techniques .... 166
Table 34. Significance of Difference of Mean - Group work Pair work ............... 167
Table 35. Significance of Difference of Overall Mean ........................................... 168
Table 36. Preparation by Teacher Educator – Teacher Trainee Feedback ............ 170
Table 37. Use of Teaching Aid / ICT Tool - Teacher Trainee Feedback ............... 171
Table 38. Management of Session / Activities - Teacher Trainee Feedback .......... 172
Table 39. Teacher Educators Role - Teacher Trainee Feedback ........................... 173
Table 40. Teacher trainees Role - Teacher Trainee Feedback ............................... 175
Table 41. Mean for Collaborative Learning - Teacher Trainee Feedback .......... 176
Table 42. Mean for Use of Assessments - Teacher Trainee Feedback ................. 177
Table 43. Mean for Overall Impression - Teacher Trainee Feedback ................. 178
Table 44. Total Mean of Effectiveness - Teacher Trainee Feedback ................... 179
Table 45. Significance of Difference of Mean of Criteria of Effectiveness- Teacher Trainee Feedback .......................................................................................................... 180
Table 46. Significance of Difference of Total Mean of Criteria of Effectiveness- Teacher Trainee Feedback .......................................................................................................... 182
Table 47. Preparation by Teacher Educator – Peer Teacher Educator Feedback. 184
Table 48. Use of Teaching Aid / ICT Tool – Peer Teacher Educator Feedback .... 185
Table 49. Management of Session / Activities – Peer Teacher Educator Feedback 186
Table 50. Teacher Educators Role – Peer Teacher Educator Feedback ............... 187
Table 51. Teacher Trainee’s Role – Peer Teacher Educator Feedback ................. 189
Table 52. Collaborative Learning – Peer Teacher Educator Feedback ............... 190
Table 53. Use of Assessments – Peer Teacher Educator Feedback .................... 191
Table 54. Overall Impression – Peer Teacher Educator Feedback ..................... 192
Table 55. Total Mean of Effectiveness – Peer Teacher Educator Feedback ........ 193
Table 56. Significance of Difference of Mean in Criteria of Effectiveness– Peer Teacher Educator Feedback .......................................................................................................... 194
Table 57. Significance of Difference of Total Mean of Criteria of Effectiveness– Peer Teacher Educator Feedback........................................................................................................................ 196
Table 58. Easy to Understand - ICT Based Model .......................................................... 198
Table 59. Understandability of Constructivism as Theoretical Base of the Model 199
Table 60. Understandability of Principles of the ICT Based Model .............................. 200
Table 61. Understandability of Procedure of ICT Based Model................................. 201
Table 62. Understandability of Stages of ICT Based Model........................................ 201
Table 63. Understandability of Reflective Material of ICT Based Model ................. 202
Table 64. Understandability of Stages of ICT Based Model ..................................... 202
Table 65. Learn-ability of the Usage of ICT Based Model........................................... 203
Table 66. Learn-ability of Teacher Trainees .................................................................. 203
Table 67. Learn-ability through Self Evaluation Questions ....................................... 204
Table 68. Goal Achievement of ICT Based Model..................................................... 205
Table 69. Achievement of Objectives of ICT Based Model ...................................... 207
Table 70. Appropriate Sequencing of Stages of the ICT Based Model ..................... 208
Table 71. Use of Constructivism in the ICT Based Model ........................................... 209
Table 72. Using the Principles in the ICT Based Model............................................. 210
Table 73. Follow Procedure of the ICT Based Model ................................................ 211
Table 74. ICT Based Model Helps in Effective Curriculum Transaction ............... 212
Table 75. Likeability of the ICT Based Model ............................................................. 212
Table 76. Applicability of ICT Based Model to Teaching of any Subject in the B.Ed. Curriculum .................................................................................................................. 213
Table 77. ICT Based Model can be Used by D.T.Ed. Teacher Educators ............... 213
Table 78. Use of ICT Based Model by Teacher Trainees .......................................... 214
Table 79. Use of ICT based Model by School Teachers ............................................. 215
Table 80. User Group Responses in % about Usability of the ICT Based Model... 218
Table 81. Total usability of ICT Based Model ............................................................. 220
Table 82. Summary of Reviews Conducted .................................................................. 231
Table 83. Methodology and Procedure of the Research ............................................. 233
