ACKNOWLEDGEMENT

In the great journey of life we cross several milestones and realise many dreams. For me, this is an important milestone, the realisation of a dream. I owe this realisation to many persons who supported me strongly. It is very appropriate, indeed gratifying, to acknowledge my indebtedness to them all.

First in the list is Dr. V.M. Xaviour, Reader and HOD, Commerce and Management Studies, St. Thomas College, Thrissur, who has been guiding me very competently right from the start. But for him, I would not have completed my thesis in time. Apart from being a guide, he has always been my friend and philosopher too.

Words cannot express gratitude to my beloved parents. I bow my head before them in filial love and devotion. My wife and daughters deserve a special mention in this context. They have been strong pillars of support in my work.

I would like to thank Rev. Fr. Thomas Chakkramakkil, Retd. Principal, Rev. Fr. Jose Chittilappilly, Manager and Rev. Fr. Jose Kavungal, present Principal, St. Aloysius College, Elthuruth for their whole-hearted co-operation and encouragement in my research work.

I am highly obliged to my colleagues, past and present, in my department who in varied ways supported me.

My special thanks are due to Dr. Laliamma Jose, Principal, Prof. Antony D. Parackal, HOD and Dr. Joy Joseph Pudussery, Bharata Mata College, Thrikkakara for their timely help and assistance.
I would like to thank Mr. Varghese Augustine, Supdt. and Mr. Joseph K.P., Librarian, Bharata Mata College, Thrikkakara for all their help.

Words are insufficient to express my gratitude to Mr. Prabeesh, IIT, Madras who has been helpful in the construction of Econometric Model used to study the impact of Foreign Portfolio Investment on stock price movements.

Prof. U.V. Antony, Head of the Department of Humanities, Jyothi Engineering College, Cheruthuruthy, Thrissur is gratefully acknowledged for meticulously going through the manuscript.

Dr. V.K. Vijayakumar, HOD, Economics, Sree Krishna College, Guruvayoor has been of great help in providing vital inputs on capital markets. My sincere thanks for the precious time he spent in discussing in detail some of the ideas developed in this thesis.

Above all, I bow before Almighty God for His timely inspiration.
