

## **LIST OF PUBLICATIONS:**

1. A research paper on “Thermal radiation effect on an unsteady MHD free convective viscous dissipative Couette flow between two vertical permeable plates”, *International Journal of Mathematical Archive* (Accepted for publication).
2. A research paper on “Thermal radiation effect on an unsteady hydromagnetic free convective oscillatory Couette flow of a viscous fluid embedded in a porous medium”, *Indian Journal of Fluid Dynamics* (Accepted for publication).
3. A research paper on “Thermal radiation effect on an unsteady MHD natural convection Couette flow with Heat and mass transfer”, *European Scientific Journal* (Accepted for publication).
